THE CITY OF FRANKLIN, VIRGINIA
COMPREHENSIVE ANNUAL FINANCIAL REPORT
FOR THE FISCAL YEAR ENDED
JUNE 30, 2020

Acknowledgments

The preparation of this report has been accomplished by the efficient and dedicated services of the staff of the Department of Finance and various departments who have been assisted by the independent auditors, Creedle Jones & Associates PC. The contributions of all are invaluable and sincerely appreciated and clearly reflect the high standards which have been set by the City of Franklin.

The following Finance employees were instrumental in the preparation of this report:

Melisa Blythe
Joe Ann Faulk

Nancy Layman
Lois Panton

It is also appropriate to thank the City Manager, Mayor and Members of City Council for making possible the excellent financial position of the City through their interest and support in planning and conducting the financial affairs of the City.

Questions concerning any of the information provided in this report or requests for additional information should be addressed to Tracy Spence, Director of Finance, 207 West Second Avenue, Franklin, Virginia 23851. For information about the City, refer to the City's web page at www.franklinva.com.

November 20, 2020

To the Honorable Members of City Council and
Citizens of the City of Franklin:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the City of Franklin (the “City”) for the fiscal year ended June 30, 2020. The report is required in accordance with section 3.08 (c) of the Franklin City Charter and is prepared in accordance with the standards of financial reporting prescribed by the Governmental Accounting Standards Board (GASB), and the Auditor of Public Accounts of the Commonwealth of Virginia. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. As management, we assert that, to the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and component units of the City of Franklin. GAAP requires management to provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management’s Discussion and Analysis (MD&A). The letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City’s MD&A can be found immediately following the independent auditor’s report.

The Reporting Entity and Its Services

Background

Franklin, which had been a part of Southampton County for many years, became an incorporated town in 1876 and an independent city on December 22, 1961. Subsequent annexations in 1986 and 1996 increased the population and land area of the City. The population today is approximately 8,900 and the land area is 8.75 square miles. The City is located in the southeastern part of the state in the Hampton Roads area. The region is the 27th largest metropolitan statistical area in the country.

Franklin is organized under the Council – City Manager form of government. The Franklin City Council is comprised of seven members, which includes the Mayor. Six council members, each representing a ward, are elected by the voters and serve four year staggered terms. The City Mayor is elected at large for a two-year term. Persons elected to City Council take office on the first day of July following the election.

The City Council is the policy determining body of the City. Its responsibilities include: adoption of the annual City budget; creation, combination or elimination of City departments; approval of all tax levies; approval of amendments, supplements or repeals to ordinances and the City Code; and appointment of the City Manager, City Clerk, City Attorney and various local boards, commissions and committees. The City Manager acts as Chief Executive and Administrative Officer of the City. The Manager serves at the pleasure of Council, carries out its policies, and directs the business and administrative affairs of the City, which includes supervision of employees.

The City of Franklin provides a full range of general governmental services for its citizens, including police and fire protection and emergency medical services; the maintenance of highways, streets, and other infrastructure; and recreational activities, library services and cultural events. Beginning in October of 2020 the Community Development Department transitioned back to serving only the City of Franklin. Other

services provided include public education, health and social services, and judicial activities. Beginning in January of 2020 the City of Franklin began providing emergency medical services to Southampton County. The City owns and operates a municipal electric company (Franklin Power & Light), which provides electrical services to City residents and certain geographical locations within surrounding jurisdictions (Southampton, Suffolk and Isle of Wight). The City also owns and operates water and sewage facilities that extend into portions of Southampton and Isle of Wight Counties; provides curb-side solid waste disposal and recycling services; owns and operates a City pool; and manages various paid recreational activities. Franklin owns and maintains a municipal airport located one mile east of Franklin in Isle of Wight County.

The City as well as the Commonwealth and entire United States faced quite an unexpected challenge with the onset of the COVID-19 pandemic. The local, statewide, and national State of Emergency was declared on Friday March 13, 2020. The City of Franklin immediately suspended all hiring other than those positions associated with emergency services as well as suspended all capital projects other than those mandated by law or a permit. As a result, the City of Franklin ended the fiscal year in good standing with a significant surplus.

Component Units

In addition to general governing activities, the governing body has significant financial influence over the Schools, which is reported separately within the City of Franklin's financial statements as a component unit. Component units are legally separate entities for which the City is financially accountable. For Franklin City Public Schools, the City must provide all capital improvement funds, pay debt on school projects, and provide a significant amount of operating funds required, but not provided by the state. The City Council's authority is limited to appointing local school board members and appropriating funds. Local school boards do not have taxing or bond issuance authority.

The Industrial Development Authority is also reported as a component unit. Additional information on legally separate entities can be found in the Notes to the Financial Statements and in the Other Supplementary Information Section.

Economic Conditions & Outlook

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Franklin operates.

Local Economy

The City's development activities are executed primarily through Franklin Southampton Economic Development Council, Inc. (FSEDI), whose core mission is to grow and diversify the tax and employment base of the City. This mission is accomplished by promoting Franklin City as an ideal location for business start-up, relocation, and expansion and capital investment. The City enjoys its unique relationship with Isle of Wight and Southampton Counties and through collaboration with these neighbor counties, and partnership with FSEDI, the City is better positioned to promote economic growth and stability. Major initiatives of the City from FSEDI activities include:

- ❖ Hubbard Peanut Company purchased the former Farm Fresh facility and invested \$1.6M to renovate the facility into a restaurant, coffee shop, and warehouse facility for their specialty food products.
- ❖ Startup Downtown Franklin awarded \$20,000 to Storehouse to open a coffee shop in Downtown Franklin.
- ❖ The Franklin Business Center currently has 31 clients and welcomed nine new businesses.
- ❖ KCA Logistics, Safe Hands Home Healthcare and On Time Staffing all graduated from the Franklin Business Center.

Local taxes indicative of Franklin’s economy was stable at June 30, 2020 as shown in the table below:

Fiscal Year	Business Licenses	Meals Tax	Lodging Tax	Cigarette Taxes	Sales & Use Taxes	TOTALS
FY 12	\$ 934,328	\$ 1,330,207	\$ 198,481	\$ 244,959	\$ 1,683,980	\$ 4,391,956
FY 13	\$ 923,492	\$ 1,259,747	\$ 152,875	\$ 356,358	\$ 1,782,760	\$ 4,475,232
FY 14	\$ 952,525	\$ 1,294,882	\$ 149,854	\$ 342,433	\$ 1,722,799	\$ 4,462,493
FY 15	\$ 921,270	\$ 1,439,601	\$ 149,166	\$ 373,904	\$ 1,767,063	\$ 4,651,004
FY 16	\$ 969,182	\$ 1,494,137	\$ 123,626	\$ 352,199	\$ 1,767,781	\$ 4,706,925

FY 20	\$ 1,024,563	\$ 1,531,440	\$ 133,484	\$ 359,057	\$ 1,946,296	\$ 4,994,840
				Growth Trend Since FYE 6-30-12		\$ 602,884
						13.73%
				Growth Trend Since FYE 6-30-19		\$ 221,385
						4.64%

Enterprise Zones

In an effort to attract new business to the community, the City of Franklin has established Enterprise Zones. These zones have been approved and authorized by the state and entitle new businesses to various state and local incentives to promote further economic development including job creation. The City benefits from revenue sharing funds from the Counties for commercial development outside the City where City utility services are provided.

City Council and City management continue to explore opportunities and establish priorities as the guiding principles to move the City forward while establishing collaborative partnerships between City organizations, (the Franklin Southampton Economic Development Inc., School Board, Advisory Committees, etc.) and neighboring jurisdictions to further advance the objectives of the City as well as its partners.

Bond Rating

The City working with Davenport & Company to have the City’s bond ratings reaffirmed in December of 2019. The City maintained the AA credit rating from Standard & Poor’s (S & P) bond rating agency. S &P referred to the City’s strong reserves, strong cash position to cover debt service, and sound budgetary and financial management practices for support of the rating. The City also maintained the Aa1 rating from Moody’s Investors Services.

Financial Information and Significant Financial Policies

Minimum Fund Balance Policy

One of the financial policies closely monitored is the City’s minimum fund balance policy which indicates the ability of the City to cope with unexpected financial challenges or emergencies. This policy enables the City to (1) survive potential financial emergencies and adverse fluctuations in revenue cycles, (2) take advantage of unexpected opportunities and, (3) retain its sound financial position. The City has established by policy, the ratio of unassigned General Fund balance as a percentage of budgeted annual expenditures in the General Fund at a minimum of 15%. At June 30, 2020, the City’s unassigned fund balance of \$6.5M million represented 24.8% of the budgeted annual expenditures (as revised) exceeding the minimum policy level.

The following table present the City’s General Fund ratio of unassigned fund balance to total expenditures for the previous five fiscal years:

Fiscal Year	General Fund Unassigned Fund Balance	General Fund Budgeted Expenditures	Ratio
2020	\$ 6,549,082	\$26,326,947	24.88%
2019	\$ 4,815,905	\$24,369,338	19.76%
2018	\$ 4,189,190	\$24,322,449	17.22%
2017	\$ 5,055,159	\$23,324,065	21.67%
2016	\$ 5,035,674	\$23,884,309	21.08%

Internal Control and Budget Accounting

The City is responsible for establishing and maintaining an internal control structure designed to ensure the assets of the government are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Because the cost of internal controls should not outweigh their benefits, the City of Franklin’s comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. The City’s control environment reflects the attitude of fiscal responsibility of the City’s resources amongst all departments. City Finance abides by the Government Finance Officers Association Code of Ethics. Budget controls ensure compliance with legal provisions embodied in the annual appropriated budget approved by City Council. Activities of the General Fund, certain Special Revenue Funds, Debt Service Fund, Enterprise Funds, and Public Schools-Component Unit are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Projects Funds and certain other Special Revenue Funds. Additional controls are exercised administratively amongst City departments. As a recipient of federal financial assistance, the City also is responsible for maintaining an adequate internal control structure. This structure allows the City to ensure and document compliance with the U.S. Office of Management and Budget for major federal award programs. These reports are available in the Compliance (Single Audit) section of this report.

The keystone to the City’s ability to maintain its fiscal responsibility is the continuing dedication of the City Council, which is evidenced by the City Council’s adoption of sound financial policies. These policies relate primarily to cash and debt management and budget operations as a means of ensuring prudent and responsible monitoring, spending, and reporting of the City’s resources. From time to time, the City Council evaluates these policies and makes amendments as needed to address changing economic conditions and management practices.

The legal level of budgetary control (level at which expenditures cannot exceed the appropriated amount) takes place at the department level. City Council may authorize supplemental appropriations based on the availability of financial resources. Any revisions that alter total appropriations must be approved by City Council. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Although encumbered amounts lapse at year-end, the outstanding encumbrances are reviewed and generally reappropriated as part of the following year’s budget provided there is availability of funding at year end. City Council approves transfers between departments at the level not authorized by the City Manager.

Financial Advisor

The City uses Financial Advisors to guide it through the long-term financial planning needed to address capital improvement planning and related debt service structuring. The efforts of Davenport & Company LLC have helped the City achieve long-term cost savings associated with debt service. Davenport played a significant role in the most recent bond rating affirmations as well as the capital borrowing that the City of Franklin closed on in December of 2019.

Independent Audit

The City of Franklin's financial statements have been audited by Creed, Jones & Associates, PC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Franklin for the fiscal year ended June 30, 2020 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Franklin's financial statements for the fiscal year ended June 30, 2020, are fairly presented in conformity with GAAP. The independent auditor's report is presented in the Financial Section of this report.

Single Audit

The independent audit of the financial statements of the City of Franklin was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies and a state compliance audit. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. The Commonwealth of Virginia also has audit requirements on compliance with specific Commonwealth of Virginia laws, regulations, contracts, and grants. The compliance section follows the Statistical Section of this report.

Financial Outlook

The financial outlook for Fiscal Year 2020-2021 remains stable, with minimum revenue growth expected and continued cost-saving efforts planned. The City has been consistently able to achieve a balanced budget in recent years without eliminating direct services to Franklin residents and with the minimum responsible impact to the real estate tax rate. This has been accomplished in the wake of fiscal challenges which to some extent were beyond the City's control. We feel that current management initiatives, along with prudent long-range strategic and comprehensive planning, will enable the City to continue to generate sufficient resources to meet future service demands, maintain a stable financial position, protect the City's good credit rating, and maintain realistic and affordable tax burdens on the citizens of the City.

Other Accomplishments for FY 2020

We are pleased to report some significant accomplishments and initiatives undertaken during the year ended June 30, 2020:

General Government Administration

- ❖ The Treasurer's Office achieved a 99.73 collection rate on delinquent Real Estate taxes and a 98.63 on delinquent Personal Property. The total for delinquent taxes reported to City Council on December 2019 was \$635,329.14.

- ❖ The Treasurer's Office received Office of Accreditation from the Treasure's Association of Virginia for the Seventh Year in row. This is the Highest award that an office can achieve.
- ❖ The Commissioner of the Revenue's Office received 2020 Office Accreditation.
- ❖ The 2020 General Reassessment was completed by Wampler-Eanes Appraisal Group Ltd.

Public Safety

- ❖ Implemented Body Worn Camera and In-Car Camera program.
- ❖ Implemented a variety of security improvements at the Franklin Courthouse.
- ❖ Received a USDA grant to assist in finding a replacement police patrol vehicle.
- ❖ Collaborated with Southampton County to provide Fire and Emergency Medical Services to the citizens of Southampton County.

Community Development & Neighborhood Services

- ❖ Managed and implemented the 4th and final year of a \$1.6 million multi-year CDBG grant for the Madison Street Neighborhood Revitalization project. Two (2) moderate income owner-occupied homes were rehabilitated to Housing Quality Standards (HQS) bringing the total households rehabilitated to twenty-seven (27). Additionally, the following infrastructure improvements were completed which benefitted fifty-four (54) project area households:
 - 2,513 linear feet of 12" to 15" stormwater drainage facilities were lined.
 - 1,000 linear feet of public sanitary sewer and 1,000 linear feet of private sanitary sewer laterals were lined.
 - 100 linear feet of 8" water line was installed to accommodate fire hydrant flow.
 - 4" water lines were upgraded to 6" water lines.
 - 18 square yards of street paving was completed.
- ❖ Implemented the beginning stages of (1) substantial reconstruction project for an elderly resident through the Western Tidewater Home Consortium. This project will benefit a low income owner-occupied household due to Housing Quality Standards issues with the former dwelling. The estimated construction cost of \$123,100.
- ❖ Worked with the Planning Commission and City Council to adopt and amend various zoning ordinances to implement the Comprehensive Plan and City Council's vision for removing development barriers and to sustain managed growth.
- ❖ Continued staff training in the Community Rating System (CRS) program through FEMA seeking to lead to inclusion of Franklin in the CRS program. In addition, worked with VDEM and FEMA to address issues raised during the City's Community Assistance Visit (CAV). This is the initial qualifying step for participation in the CRS.
- ❖ Participated with VDEM to implement the Crisis Track software to streamline on-site damage assessment following a declared disaster.
- ❖ Continued work with the Hampton Roads Planning District Commission as part of a coastal resiliency work group. Began work with the Hampton Roads Transportation Planning Organization on a corridor study for US 58, covering an area from Suffolk to US 58's intersection with I-85.
- ❖ The Inspections Department received a Building Code Effectiveness Grading System (BCEGS) rating from ISO of "3" for one and two family construction and a "3" for all other construction for both the City and Southampton County. This rating places the City in the top 5% of the approximately 144 localities in Virginia that participate.

- ❖ Managed approval of one new telecommunications tower in Franklin near the hospital and the construction of three new towers in the County to improve telecommunication capabilities of all who live, work and travel in the area.
- ❖ County adopted Voluntary Agriculture and Forestry District regulations in June 2017. Since that time, approved districts and current applications will protect 102,887 acres/161 square miles of agricultural and forestry land for the next ten years.
- ❖ Continued planning for the construction of the River Walk Park.

Parks & Recreation

- ❖ A new Director of Parks and Recreation was hired and complete overhaul of the Department is underway.
- ❖ The development of the Riverwalk Park is underway and a \$20,000 grant was received to be used toward its development.

Public Works

- ❖ The City continued its annual street rehabilitation activities by completing crack sealing and restriping of South St., crack sealing of Hunterdale Rd., paving and striping of Jackson St., and completed a Citywide pavement study.
- ❖ The City added two amnesty week cleanups for a total of four per year for the convenience of the citizens in an effort to beautify the community.
- ❖ The City continued to rehabilitate its aging storm sewer system by completing numerous repairs to broken pipes and failing catch basins.
- ❖ The Wastewater Treatment Plant was released from the DEQ consent order as the plant remains in compliance with the permit. The water conservation and management plan was approved by DEQ. The Hunterdale water tank rehabilitation project was completed. The division lined 8,829 linear feet of sanitary sewer by means of CIPP.

As stated, this is a condensed listing of several major items addressed in FY 20. As evidenced, the City continued its history of (1) seeking grant funds for public safety and community improvements, (2) utilizing resources to provide quality governmental services to Franklin Citizens, (3) expanding technology to improve operational efficiencies and control costs, (4) promoting safety and wellness throughout all City departments, (5) maintaining sound financial management and (6) improving activities and programs to enhance overall quality of life. These highlights and accomplishments are in sync with the priorities established by City Council.

Awards and Recognition

Comprehensive Annual Financial Report

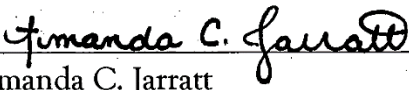

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Franklin, Virginia for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2020. This is the eighth consecutive year that the City has applied for and received this prestigious award that recognizes conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded the Certificate of Achievement for Excellence in Financial Reporting, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both accounting principles generally accepted in the United States and applicable legal requirements. The City is proud of this accomplishment. A Certificate of Achievement is valid for one year. The City believes its CAFR continues to meet the Certificate of Achievement Program's requirements and it will be submitted to the GFOA to determine its eligibility for another certificate.

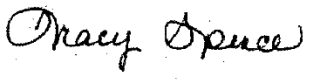

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated services of the Finance Department and all departments who played a role in achieving a favorable year-end audit all while navigating the very challenging presence of COVID-19. We also express sincere appreciation to City Council whose oversight of the financial affairs of the City has resulted in the City's strong financial position. Council is commended for their interest and support in the strategic planning for the City's future and for conducting the operations of the City of Franklin in a responsible and progressive manner.

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of City Council
City of Franklin, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Franklin, Virginia, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City of Franklin, Virginia's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards and specifications require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Franklin, Virginia, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules related to pension and OPEB funding on pages 3-13, 124-126, and 127-158 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

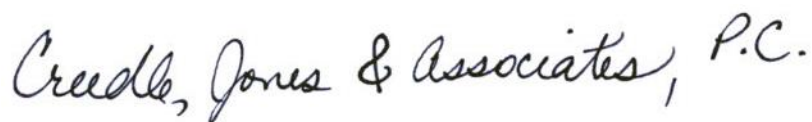

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Franklin, Virginia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, component unit financial statements, schedule of revenues and expenses—budget to actual, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, component unit financial statements, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund statements, component unit financial statements, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2020, on our consideration of the City of Franklin, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of City of Franklin, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Franklin, Virginia's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Fiscal Year July 1, 2019 – June 30, 2020

This section of the City of Franklin, Virginia's (the City's) annual financial report presents an overall review of the City's financial activities for the fiscal year ended June 30, 2020. To enhance your understanding of the City's financial performance, please read this discussion and analysis in conjunction with the transmittal letter in the front of this report, the City's basic financial statements, and supplementary information following this section.

Financial Highlights

General Fund

- The City's real estate tax rate increased to \$1.03 per \$100 of assessed valuation.
- Overall, General Fund revenues (less transfers) increased by \$1,737,557 from FY 2019 from \$22,240,130 to \$23,977,687.
- At the close of FY 2020, unassigned fund balance for the General Fund was \$6,549,082. At the close of FY 2019, the unassigned fund balance of the General Fund was \$4,815,905. This represents an increase of \$1,733,177 or 36%.
- The composition of the \$15,016,998 fund balance at the end of the year was 43.2% unassigned, 6.5% nonspendable, 47.6% restricted, and 2.7% assigned.
- The General Fund, on a current financial resources basis, reported revenues and other financing sources of \$2,363,286 under expenditures and financing uses. This is after making a \$5,037,395 payment to Franklin City Schools, \$96,134 payment to the Airport Fund (Enterprise), \$17,464 payment to the Electric Fund (Enterprise), \$675,491 to Special Revenue Funds, \$801,225 to Capital Projects Fund, and \$840,114 to the Debt Service Fund. Expenditures increased by \$333,042 when compared to FY 2019.

Governmental Activities

- At the close of the fiscal year, the assets and deferred outflows of resources of the City's governmental activities exceeded its liabilities and deferred inflows of resources by \$15,594,421. Of this amount, \$986,555 is unrestricted and \$2,787,736 and \$2,350,763 is restricted for capital projects and debt service, respectively. The residual \$9,469,367 relates to net investment in capital assets and is not available for expenditure.
- The City's total net position increased by \$2,928,140 from the prior year. Of this amount, an increase of \$1,805,570 is related to governmental activities and an increase of \$1,122,570 is attributed to business-type activities.
- The City's total outstanding general obligation debt (exclusive of premiums) at June 30, 2020 was \$23,259,429. This includes \$5,130,000 in business-activity debt and \$18,129,429 in general government activities.

Overview of the Financial Statements

This Comprehensive Annual Financial Report consists of four sections: introductory, financial, statistical, and financial compliance reports for federal funds. The financial section consists of three (3) sections: management's discussion and analysis, basic financial statements, and supplementary information. The City's basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

The City's financial statements present two kinds of statements, each with a different snapshot of the City's finances. The government-wide financial statements provide both long-term and short-term information about the City's overall financial status. The fund financial statements focus on the individual parts of the City government, reporting the City's operations in more detail than the government-wide statements. Both perspectives allow the user to address relevant questions, broaden the basis of comparison, and enhance the City's accountability.

Government-Wide Financial Statements

Government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business. The *Statement of Net Position* presents information on all City assets and liabilities with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. However, other non-financial factors will need to be considered, such as changes in the City's property tax base and condition of the City's infrastructure. The *Statement of Activities* presents information identifying how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of when cash is received or paid.

In the ***Statement of Net Position*** and the ***Statement of Activities***, the City is divided into the following:

- Governmental activities – The City's basic municipal services are reported here and include general government administration, judicial administration, public safety, highways and streets, community development, public health, and cultural and recreation. These activities are mainly supported by taxes and intergovernmental revenue.
- Business-type activities – The City charges user fees to customers to help offset all or most of the cost of the services provided. The business-type activities of the City reported in this section include Water and Sewer Utility, Electric Utility, Solid Waste, and Airport operations. While the Solid Waste, Water and Sewer, and Electric Utility Funds are self-supporting, the City provides general fund support for operation of the Airport.
- Component Units – The government-wide financial statements include not only the City itself (known as the Primary Government), but also the following legally separate component units for which the City is financially accountable for providing operating and capital funding, the City of Franklin Public Schools and the City of Franklin Industrial Development Authority. Financial information for these component units is reported separately from the financial information presented for the primary government and can be found in the "Other Supplementary Information" section of this report.

Fund Financial Statements

A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. In the Basic Financial Statements, the emphasis is on major funds. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- **Governmental Funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. The focus here is on (1) inflows and outflows of cash and other financial resources that can be readily converted into cash and (2) the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating whether there are more or fewer resources that can be spent in the short term to finance City operations. Because this information does not address the long-term focus of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. A reconciliation between the government-wide financial statements and the fund financial statements is included as part of the basic financial statements.

The City maintains several individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General, Virginia Public Assistance, COVID-19, Capital Projects, and Debt Service Funds. Data from the other governmental funds are combined into a single aggregate presentation. Individual funds data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual budget for its various funds. To demonstrate compliance with this budget, budgetary comparison statements have been provided.

- **Proprietary Funds** – The City maintains proprietary funds to account for enterprise fund operations that report the same functions as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer, electrical, solid waste, and airport operations. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information on each fund.
- **Fiduciary Funds** – The fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support City programs. The accounting for fiduciary funds is similar to the proprietary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary and other supplementary information concerning the City, including financial information of the School Board and Industrial Development Authority component units. Supplementary information follows the Notes to the Financial Statements.

Government-Wide Financial Statements Analysis

Over time, net position may serve as a useful indicator of a government's financial position. At the close of the most recent fiscal year, the City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$30,179,832.

Summary of Net Position
As of June 30, 2020 and 2019

	Governmental Activities		Business-Type Activities		Total Primary Government	
	<u>2020</u>	<u>2019</u>	<u>2020</u>	<u>2019</u>	<u>2020</u>	<u>2019</u>
Assets						
Current and other assets	\$ 17,703,171	\$ 10,863,782	\$ 11,852,354	\$ 7,686,713	\$ 29,555,525	\$ 18,550,495
Capital assets (net)	24,940,172	24,406,078	10,831,332	11,518,817	35,771,504	35,924,895
Total Assets	42,643,343	35,269,860	22,683,686	19,205,530	65,327,029	54,475,390
Deferred Outflows of Resources						
	3,384,019	2,618,317	582,641	489,576	3,966,660	3,107,893
Total Assets and Deferred Outflows of Resources	\$ 46,027,362	\$ 37,888,177	\$ 23,266,327	\$ 19,695,106	\$ 69,293,689	\$ 57,583,283
Liabilities						
Current and other liabilities	\$ 1,970,423	\$ 919,615	\$ 1,807,469	\$ 1,760,063	\$ 3,777,892	\$ 2,679,678
Long-term liabilities	27,017,197	22,248,910	6,591,561	4,288,446	33,608,758	26,537,356
Total Liabilities	28,987,620	23,168,525	8,399,030	6,048,509	37,386,650	29,217,034
Deferred Inflows of Resources	1,445,321	930,801	281,886	183,756	1,727,207	1,114,557
Net Position						
Net investment in capital assets	9,469,367	10,863,669	8,665,767	8,872,780	18,135,134	19,736,449
Restricted	5,138,499	1,838,813	2,976,000	-	8,114,499	1,838,813
Unrestricted	986,555	1,086,369	2,943,644	4,590,061	3,930,199	5,676,430
Total Net Position	15,594,421	13,788,851	14,585,411	13,462,841	30,179,832	27,251,692
Total Liabilities, Deferred Inflows of Resources, and Net Position	\$ 46,027,362	\$ 37,888,177	\$ 23,266,327	\$ 19,695,106	\$ 69,293,689	\$ 57,583,283

The largest portion of the City's total net position of \$30,179,832 is its \$18,135,134 net investment in capital assets (e.g., land, buildings and improvements, machinery and equipment), less any related debt used to acquire or construct those assets that are still outstanding. The City uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. The remaining net position is comprised of \$3,930,199 in unrestricted net position, which may be used to meet the City's ongoing obligations, and \$2,787,736 in restricted assets for capital projects and \$2,350,763 in restricted assets for capital projects for the governmental activities and \$2,976,000 is restricted for capital projects in the business-type activities.

The City's financial position includes \$3,930,199, or 13% of the net position, as unrestricted net position comprised of \$986,555 from governmental activities and \$2,943,644 from business-type activities are available to allow the City to provide obligations to citizens and creditors.

Statement of Activities

The following table indicates the changes in the net position of the governmental and business-type activities:

Summary of Changes in Net Position

For the Fiscal Years Ended June 30, 2020 and 2019

Increase in Net Position	1,805,570	1,383,502	1,122,570	1,895,479	2,928,140	3,278,981
Beginning Net Position	13,788,851	12,405,349	13,462,841	11,567,362	27,251,692	23,972,711
Ending Net Position	\$ 15,594,421	\$ 13,788,851	\$ 14,585,411	\$ 13,462,841	\$ 30,179,832	\$ 27,251,692

Governmental Activities

Real estate and personal property tax revenue, the City's largest revenue source, totaled \$7,846,128, an increase from the previous year at \$7,689,283. The City's real estate tax rate increased to \$1.03 per \$100 of assessed valuation. Personal property was taxed at \$4.50 per \$100 of assessed value and, represents \$1,697,633 of total general property taxes (excludes tax relief portion of \$88,530). Other local tax revenues, which totaled \$5,873,063, consist primarily of local option sales, consumer utility, business license, motor vehicle license, lodging, and meals taxes.

Revenue Sharing from Counties of \$1,051,877 represents revenue sharing payments received from Isle of Wight and Southampton Counties as part of annexation and service providing agreements. This is a decrease from FY 2019 revenue sharing payments of \$1,224,442. Charges for services represent revenue received primarily from ambulance services and administration reimbursements from certain General Fund costs of the Enterprise Funds.

The City's expenses for governmental activities cover a wide range of services as seen in the above table. Overall, expenses for governmental activities increased \$165,019. The table below provides an overview of program expenses and related revenues.

Net Cost of Governmental Activities

For the Fiscal Years Ended June 30, 2020 and 2019

	<u>2020</u>		<u>2019</u>	
	<u>Total Cost of Services</u>	<u>Net Cost of Services</u>	<u>Total Cost of Services</u>	<u>Net Cost of Services</u>
General government administration	\$ 3,090,604	\$ (1,898,823)	\$ 2,688,077	\$ (1,530,467)
Judicial administration	435,499	(428,035)	417,244	(407,223)
Public safety	6,723,826	(5,238,387)	7,408,633	(5,894,144)
Public works	3,452,223	(1,537,417)	3,382,461	(1,451,146)

Education	5,135,157	(5,135,157)	5,135,156	(5,135,156)
Parks, recreation, and cultural	820,768	(812,816)	887,175	(878,784)
Community development	1,674,377	(1,342,109)	1,567,150	(1,436,013)
Interest on long-term debt	<u>433,701</u>	<u>(433,701)</u>	<u>297,755</u>	<u>(297,755)</u>
Total	<u>\$ 24,466,316</u>	<u>\$ (17,401,606)</u>	<u>\$24,301,297</u>	<u>\$ (17,576,393)</u>

Business-Type Activities

Business-type activities are made up of the electric, solid waste, water and sewer, and airport fund activities.

Business-type activities increased the City's net position by \$1,122,570. Total program revenues for business-type activities decreased from FY 2019 by \$1,167,081. Total business-type expenses decreased by \$264,790.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At the end of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$15,016,998, compared to \$9,158,723 last year. The various components are discussed below:

- **General Fund.** The general fund is the chief operating fund of the City. At the conclusion of the current fiscal year, the combined fund balance totaled \$8,436,035, which reflects a \$2,363,286 increase over the prior year ending fund balance of \$6,072,749. Of this balance, \$6,549,082, or 77.6%, represents unassigned funds, which are available for operations of the government. The remaining \$1,886,953 is allocated among nonspendable, restricted, and assigned fund balances. The unassigned fund balance expressed as a percentage of total fund expenditures is a useful measure of the general fund's liquidity. For the fiscal year ended June 30, 2020, this percentage totaled 24.9%, an increase over the previous year.
- **Capital Projects Fund.** The capital projects fund accounts for all general government, including schools, construction projects, excluding capital projects related to business-type activities which are accounted for elsewhere. At the end of the current fiscal year, the restricted fund balance totaled \$551,402.
- **Debt Service Fund.** The debt service fund has a restricted fund balance of \$4,784,676, which represents funds purposed to pay future debt service obligations of \$1,996,940 and capital projects of \$2,787,736.
- **Proprietary Funds.** The City's Proprietary Funds (Enterprise Funds) provide the same type of information found in the government-wide financial statements, but in more detail. The City's enterprise funds account for its water and sewer, solid waste, municipal electric, and airport operations. Total net position of the enterprise funds at the end of the current fiscal year totaled \$14,585,411, an increase of \$1,122,570 over the prior balance of \$13,462,841.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City's annual budget, which is prepared on an operating basis, includes estimated revenues and annual appropriations. Annual operating budgets are adopted by ordinance for the General Fund, Debt Service Fund, Water and Sewer Fund, Solid Waste, Electric Fund, Airport Fund, and Special Revenue Funds. However, the Consolidated Grant Funds, Fiduciary Funds, and the Capital Projects Fund are excluded from the annual operating budget.

During the year, City Council revised the budget on several occasions to include the appropriation of prior year reserves, grants, donations, and other revenues. Actual expenditures varied from the final budgeted amount for the General Fund. The actual contribution to the local school board was \$5,037,395 at the close of the fiscal year.

The following table provides an overview of the original approved budget, the final amended budget, and actual amounts for both revenues and expenditures in the General Fund.

The difference between the original budget and the final amended budget for the City's General Fund expenditures was approximately \$2,569,009 representing an increase in appropriations. Major variances are due to the following appropriation and anticipated expenditure made during FY 2020:

- \$1,100,000 appropriation for emergency services.
- \$634,243 appropriation for Children's Center program.
- \$344,860 appropriation for grant funded projects.
- \$169,355 appropriation to Capital Projects fund for pay-as-you-go projects.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of June 30, 2020, totaled \$35,771,504 net of accumulated depreciation. Investment in capital assets includes land and easements, buildings, improvements other than buildings, infrastructure, machinery and equipment, and construction in progress. Net capital assets increased \$534,094 in the governmental activities and decreased \$687,485 in the proprietary activities. Additional details on school board capital assets can be located in the notes to the financial statements. See Note 7 – Capital Assets.

The following table summarizes capital assets, net of depreciation:

City of Franklin, Virginia

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position

At June 30, 2020

Total Fund Balances for Governmental Funds \$ 15,016,998

Total net position reported for governmental activities in the Statement of Net Position is different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Land and construction in progress	\$ 5,281,162
Buildings and improvements, net of accumulated depreciation	10,571,130
Infrastructure, net of accumulated depreciation	4,023,412
School joint tenancy assets	1,637,818
Furniture, equipment, and vehicles, net of accumulated depreciation	<u>3,426,650</u>

Total Capital Assets 24,940,172

Other assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.

Unavailable revenue - taxes and licenses 949,458

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to pensions	1,318,330
Deferred outflows of resources related to OPEB liabilities	1,622,794
Deferred inflows of resources related to OPEB liabilities	(347,769)
Deferred inflows of resources related to pensions	<u>(1,097,552)</u>

Total Deferred Outflows and Inflows of Resources 1,495,803

Liabilities applicable to the City's governmental activities are not due and payable in the current period and, accordingly, are not reported as fund liabilities.

Balances of long-term liabilities affecting net position are as follows:

Bonds, capital leases, and notes payable with related premiums	(18,526,805)
Deferred outflows - refunding on debt	442,895
Accrued interest payable on debt	(233,708)
OPEB obligations	(3,977,955)
Net VRS pension liability	(3,843,222)
Compensated absences	<u>(669,215)</u>

Total (26,808,010)

Total Net Position of Governmental Activities \$ 15,594,421

The accompanying notes to the financial statements are an integral part of this statement.

City of Franklin, Virginia

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities

Year Ended June 30, 2020

Net Change in Fund Balances - Total Governmental Funds \$ 5,858,275

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. The following is a computation of these differences.

Capital asset additions	\$ 2,242,240	
Capital asset disposals	-	
Depreciation expense	<u>(1,708,146)</u>	534,094

Revenues in the Statement of Activities that do not provide current financial resources are deferred in the fund statements. 10,853

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. The following is the net effect of these differences in the treatment of long-term debt and related items.

Principal payments	459,155	
Proceeds from refunding of debt	(6,680,000)	
Proceeds from issuance of debt	(5,000,000)	
Payments to refund bond escrow agent	6,315,000	
Deferred outflows - refunding of debt	220,945	
Lease payments	116,199	
Premium on bond issue and accrued interest payable	<u>(53,347)</u>	
Net Adjustment		(4,622,048)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Changes in the following accounts are as follows:

Compensated absences	27,001	
Net pension liability	208,746	
Deferred inflows - OPEB	43,112	
Deferred inflows - VRS pension	(557,632)	
Deferred outflows - OPEB	7,417	
Deferred outflows - VRS pension	537,340	
Net OPEB liabilities	<u>(241,588)</u>	
Net Adjustment		<u>24,396</u>

Change in Net Position of Governmental Activities \$ 1,805,570

City of Franklin, Virginia

Notes to the Financial Statements

Year Ended June 30, 2020

1 Summary of Significant Accounting Policies

Narrative Profile

The City of Franklin, Virginia (City) is a political subdivision of the Commonwealth of Virginia operating under the council-manager form of government. The elected seven-member City Council, vested with legislative powers, appoints the City Manager who is the executive and administrative head of the City's government.

The City engages in a comprehensive range of municipal services, including general government administration, judicial administration, public safety, public works, health and welfare, education, parks, recreation, and cultural, and community development.

The financial statements of the City of Franklin, Virginia have been prepared in conformity with accounting principles generally accepted in the United States of America as specified by the Governmental Accounting Standards Board (GASB) and the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia. The more significant of the government's accounting policies are described below.

A. Government-wide and Fund Financial Statements

Management's Discussion and Analysis

GASB Statement No. 34 and GASB Statement No. 37 require financial statements to be accompanied by a narrative introduction of the basic financial statements and an analytical overview of the government's financial activities in the form of Management's Discussion and Analysis (MD&A).

Government-wide Financial Statements

The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities (such as cash and accounts payable) but also capital assets and long-term liabilities (such as buildings and infrastructure, including bridges and roads, and general obligation debt). Accrual accounting also reports all of the revenue and cost of providing services each year, not just those received or paid in the current year or soon thereafter.

Statement of Net Position

The Statement of Net Position is designed to display the financial position of the primary government (governmental and business-type activities) and its discretely presented component units. Governments report all capital assets, including infrastructure, in the government-wide Statement of Net Position and report depreciation expense – the cost of “using up” capital assets – in the Statement of Activities. The net position of the government is broken down into three categories – 1) Net investment in capital assets; 2) restricted; and 3) unrestricted.

Statement of Activities

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or activity is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Included in direct expenses are certain indirect costs that have been allocated to the various programs. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

Budgetary Comparison Schedules

Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments, however, revise their original budget over the course of the year for a variety of reasons. Under the GASB 34 reporting model, governments will continue to provide budgetary comparison information in their annual report including the government's original budget and a comparison of final budget and actual results.

The City's annual budget, which is prepared on an operating basis, includes estimated revenues and annual appropriations. Annual operating budgets are adopted by ordinance for the General Fund, Debt Service Fund, Capital Projects Fund, Water and Sewer Fund, Solid Waste, Electric Fund, Airport Fund, and Special Revenue Funds. However, the Consolidated Grant Funds and Fiduciary Funds are excluded from the annual operating budget.

B. Other Related Organizations

Included in the City's Financial Report – None

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The City applies all GASB pronouncements.

Government-Wide and Fund Accounting Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund accounting financial statements. The focus is on either the City as a whole or major individual fund (within the fund financial statements). Both the government-wide and fund accounting financial statements (within the basic financial statements) categorize primary activities as either governmental or business-type. In the government-wide Statement of Net Position, both the governmental and business-type activities columns are (a) presented on a consolidated basis by column, and (b) are reflected, on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations. The City generally first uses restricted assets for expenses incurred for which both restricted and unrestricted assets are available. The City may defer the use of restricted assets based on a review of the specific transaction.

The government-wide Statement of Activities is reported using the economic resources measurement focus and the accrual basis of accounting which reflect both the gross and net cost per functional category (public safety, public works, health and welfare, etc.), which are otherwise being supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity. The City does not allocate indirect expenses. The operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

The governmental funds' major fund statements in the fund financial statements are presented on a current financial resource measurement focus using the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented which briefly explains the adjustments necessary to reconcile the fund-based financial statements with the governmental column of the government-wide presentation.

The City's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

The focus of the GASB 34 model is on the City as a whole and the fund financial statements, including the major individual funds of the governmental and business-type categories, as well as the fiduciary funds, (by category) and the component units. Each presentation provides valuable information that can be analyzed and compared (between years and between governments) to enhance the usefulness of the information.

The government-wide Statements of Net Position and Statement of Activities and all proprietary funds and trust funds are accounted for using the economic resources measurement focus and the accrual basis of accounting.

With this measurement focus, all assets and all liabilities associated with the operating of these activities are included on their Statement of Net Position. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

The Statement of Net Position and Statement of Activities of the Proprietary Funds and Fiduciary Funds are presented on the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred without regard to receipt or disbursement of cash.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet on the funds statements. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in fund balances.

The fund financial statements of the Governmental Funds are maintained and reported on the modified accrual basis of accounting. Under this method of accounting, revenues are recognized in the period in which they become measurable and available. With respect to real and personal property tax revenues and other local taxes, the term “available” is limited to collections within sixty days of the fiscal year end. Levies made prior to the fiscal year end but which are not available are deferred. Interest income is recorded as earned. Federal and state reimbursement-type grants are recorded as revenue when related eligible expenditures are incurred. Expenditures, other than accrued interest on long-term debt, are recorded when the fund liability is incurred.

In the fund financial statements, financial transactions and accounts of the City are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The focus of governmental and proprietary fund financial statements is on major funds. Fund statements present the financial information of each major fund in a separate column. Nonmajor funds are aggregated and displayed in a single column.

The main operating fund, the general fund, is always reported as a major fund. Other individual governmental or enterprise funds are reported in separate columns as major funds based on the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of the fund are at least 10% of the corresponding total for all funds of that category or type (that is, total governmental or total enterprise funds), and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

In addition to funds that meet the major fund criteria, any other governmental or enterprise fund that management believes is particularly important to financial statement users may be reported as a major fund.

- **Governmental Funds**

Governmental funds are those through which most governmental functions typically are financed.

- **General Fund**

The General Fund is the primary operating fund of the City. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal grants and subsidies, licenses, permits, charges for services, and interest income. A significant part of the General Fund’s revenues is transferred to other funds and component units. The General Fund is considered a major fund.

- **Special Revenue Funds**

The Special Revenue Funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Special Revenue Funds of the City are as follows:

- *Virginia Public Assistance Fund* – accounts for revenues and expenditures related to services provided by the Department of Social Services. Most revenues are derived from the Commonwealth of Virginia and the federal government. This fund is considered a major fund.
- *COVID-19 Fund* – accounts for revenues and expenditures related to activities required in protecting the City's citizens from business and personal losses sustained during the COVID-19 pandemic.
- *Comprehensive Services Act Fund* – accounts for revenues and expenditures related to the Comprehensive Services Act for At-risk Youth and Families. Revenues are derived from categorical aid received from the Commonwealth of Virginia.
- *Regional Fire Training Grounds Fund* – accounts for revenues and expenditures related to maintenance of the Regional Fire Training Grounds. Most revenues are derived from rental income for use by other localities.
- *Foundation Grants Fund* – accounts for revenues and expenditures related to local grants. Revenues are derived from local grants.
- *Community Development Block Grant Fund* – accounts for all entitlement funds received under Title I of the Housing and Community Development Act of 1974, commonly known as the Community Development Block Grant Program.
- *Community Development Downtown Grant Fund* – accounts for revenues and expenditures related to development and rehabilitation of the downtown area. Revenues are derived from categorical aid received from the Commonwealth of Virginia and the federal government.
- *Madison Street Project Fund* – accounts for revenues and expenses related to the Madison Street Community Improvement Project Fund.
- *Western Tidewater Home Consortium Fund* – accounts for revenues and expenditures related to a joint venture with the City of Suffolk and Isle of Wight County to provide affordable housing.
- *Neighborhood Stabilization Program Fund* – accounts for a federal grant and the related expenditures. The grant is to be used for community development.
- *Cobbtown Grant Fund* – accounts for revenues and expenditures related to development and rehabilitation of the Cobbtown area of the City. Revenues are derived from categorical aid received from the Commonwealth of Virginia and the federal government.
- *Police Federal Forfeiture Fund* – accounts for revenues and expenditures related to police forfeitures. Revenues are derived from entitlement funds received from the federal government.

- *Police State Forfeiture Fund* – accounts for revenues and expenditures related to police forfeitures. Revenues are derived from entitlement funds received from the Commonwealth of Virginia.
- *Police Evidence Holding Fund* – accounts for revenues and expenditures related to police evidence that is held for the courts.
- *Camp Homestead Fund* – accounts for revenues and expenditures related to the maintenance and upkeep of the Camp family home on Homestead Lane.
- *Economic Development Fund* – accounts for revenues and expenditures related to economic development efforts of the City including rental of the building in Pretlow Industrial Park and operation of the incubator building.
- *Willie Camp Younts Fund* – accounts for revenues and expenditures related to the maintenance of the Willie Camp Younts cemetery.
- *Southview Cemetery Trust Fund* – accounts for revenues and expenditures of the Southview Cemetery.
- *Cemetery Perpetual Care Trust Fund* – accounts for revenues and expenditures of the Cemetery.
- *Charles Smith Cemetery Trust Fund* – accounts for revenues and expenditures of the Charles Smith Cemetery.

- **Debt Service Fund**

The Debt Service Fund accounts for and reports resources that are restricted, committed or assigned to expenditure for principal and interest, reports financial resources being accumulated for future debt service, and accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The Debt Service Fund is considered a major governmental fund.

- **Capital Projects Fund**

The Capital Projects Fund accounts and reports financial resources that are restricted, committed or assigned to expenditure for capital outlays, except for those financed by proprietary funds or for assets held in trust for individuals, private organizations, or other governments. The Capital Projects Fund is considered a major governmental fund.

- **Proprietary Fund**

Proprietary Funds are used to account for activities that are similar to those often found in the private sector. All assets, liabilities, equities, revenues, expenses, and transfers relating to the primary government's business activities are accounted for through proprietary funds. The measurement focus is on the determination of net income, financial position, and cash flows. Proprietary Funds distinguish operating revenues and expenses from nonoperating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Proprietary Funds are charges for services. Operating expenses include cost of sales and services, personnel, contractual services, and depreciation. The City applies all current GASB pronouncements. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Exceptions to this general rule are other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. The City's proprietary funds consist of only enterprise funds.

- *Enterprise Funds*

The Enterprise Funds account for operations that are financed in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

- *Water and Sewer Fund* – accounts for the provision of water and sewer services to City residents. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operating, maintenance, billing, collections, financing and related debt service, and capital assets of the water and sewage systems.
- *Electric Fund* – accounts for the provision of electrical services to City residents. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, billing, collections, financing and related debt service, and capital assets of the electrical systems.
- *Airport Fund* – accounts for the operations of the City-owned airport. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, billing, collections, financing and related debt service, and capital assets of the airport.
- *Solid Waste Fund* – accounts for the provision of garbage services to City residents and businesses. All activities necessary to provide such services are accounted for in this fund, including but not limited to administration, operating, billing, collections, financing and related debt service and capital assets of solid waste operations.

- **Fiduciary Funds**

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individual, private organizations, and other governments. Fiduciary funds are not included in the government-wide financial statements.

- **Trust and Agency Funds**

Trust and Agency Funds include nonexpendable trust funds and agency funds. Nonexpendable trust funds are accounted for and reported as Proprietary Fund types because capital maintenance is critical. Nonexpendable trust funds account for the expenditure of income earned by principal held in trust, the principal amount of which cannot be expended.

- **Agency Funds**

Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of the results of operations. The following are agency funds reported by the City:

- *Special Welfare – SSI Fund* – account for receipts of welfare checks and foster children support checks from the state government and payments made on behalf of individuals.
- *Flexible Spending Fund* – accounts for monies received from employees to pay for medical claims.
- *Smart Beginnings Fund* – accounts for monies received to promote early childhood growth.
- *Employees Emergency Trust* – accounts for monies received from employees to be used for emergencies in the City.
- *Fire and Rescue Volunteers Fund* – accounts for revenues and expenditures related to the activities of the fire and rescue volunteers.
- *Special Welfare Fund* – This fund accounts for monies provided primarily through private donors for assistance of children in foster care, needy senior citizens, and others. This fund is also used to account for monies received from other governments and individuals (i.e., social security and child support) to be paid to special welfare recipients.
- *Children’s Center Fund* – accounts for revenues and expenditures related to activities dealing with the Children’s Center Fund.

- **Discretely Presented Component Units**

- *City of Franklin Public Schools*

The City of Franklin Public Schools (School Board) is responsible for elementary and secondary education within the City. The Schools are fiscally dependent upon the City because the City Council approves the annual budget of the Schools, levies the necessary taxes to finance the Schools’ operations, and approves the borrowing of money. The School Board is reported in a separate column to emphasize that it is legally separate from the City. During the current year, the City contributed \$5,037,395 to the School Board from the General Fund, exclusive of debt service. The School Board does not issue separate financial statements.

- *School Operating Fund* – accounts for revenues and expenditures relating to the operation of the City of Franklin Public Schools. Revenues are derived from the General Fund and from state and federal funds.
- *Cafeteria Fund* – accounts for revenues and expenditures relating to the operation of school cafeterias. Revenues are derived from state and federal funds.
- *School Textbook Fund* – accounts for revenues and expenditures relating to the purchase of school textbooks. Revenues are derived from state and federal funds.

- *Industrial Development Authority*

The Industrial Development Authority of the City of Franklin (IDA) was established under the Industrial Development and Revenue Bond Act – *Code of Virginia*. A separate board appointed by the City Council governs the IDA. The IDA is authorized to acquire, own, lease, and dispose of properties and to conduct related activities to promote industry and develop trade by inducing manufacturing, industrial, governmental, and commercial enterprises to locate or to remain in the City. In prior years, the City made significant capital contributions toward properties the IDA developed and marketed. The City is involved in the day-to-day operations of the IDA, including the determination of its operating budget. Financial statements of the IDA are included in a discretely presented component unit column and/or row of the government-wide financial statements, as well as in the other supplementary information section. The IDA does not issue separate financial statements.

D. Budgets and Budgetary Accounting

The City utilizes the following procedures in establishing the budgetary data reflected in the required supplementary information:

- At least 60 days prior to June 30, the City Manager submits to City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- The budget is formulated from estimates of revenues and expected expenditures from each department. The School Board is treated as a single expenditure line item.
- When the City Manager submits the proposed budget to City Council, he also recommends an appropriation ordinance and an ordinance levying the tax rates for the ensuing year.
- City Council then holds public hearings on the proposed budget. Notice of such public hearings must appear in a local newspaper not less than seven days prior to the hearing.
- The budget must be approved by a majority vote of City Council and legally adopted before July 1. If City Council does not adopt the proposed budget before July 1, the budget as submitted is automatically adopted.
- Additional appropriations may be made by City Council only if there is an undesignated fund balance or additional funding becomes available.
- The City Manager is authorized to transfer budgeted amounts within departments up to \$20,000. Expenditures over this amount must be approved by City Council. The School Board is authorized to transfer budgeted amounts within the school system's categories.
- Appropriations lapse on June 30 for all City units.
- All budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America as applicable to governmental entities.

Formal budgetary information is employed as a management control device. Annual operating budgets are adopted by ordinance passed by City Council for the General Fund, certain Special Revenue Funds, the Debt Service Fund, and the Proprietary Funds. Project length financial plans are adopted for the Capital Projects Fund and certain Special Revenue Funds.

Budgets for proprietary fund types are prepared on the accrual basis of accounting. The General, Special Revenue, and Debt Service funds' budgets are adopted on the modified accrual basis of accounting.

E. Allowance for Uncollectible Amounts

The City calculates its allowance for uncollectible property taxes, refuse collection, and utility service charges using historical collection data. At June 30, 2020, the allowance attributed to the General Fund amounted to \$124,946 and Enterprise Fund in the amount of \$1,381,048.

F. Cash and Cash Equivalents

Cash and cash equivalents are stated at cost which approximates fair value. Interest income on investments is allocated to the appropriate funds based upon the average monthly cash balance of each fund. Interest income is accrued as earned.

G. Inventories

Inventories of materials and supplies in the governmental and proprietary fund types are recorded at cost. The cost of inventory is recorded as an expenditure at the time individual inventory items are consumed (consumption method) on a first-in, first-out basis.

H. Capital Assets

Capital outlays are recorded as expenditures of the governmental funds and as assets in the government-wide financial statements to the extent the City's capitalization threshold is met. Depreciation is recorded using the straight-line method over the capital assets' estimated useful lives on a government-wide basis.

Capital outlays of the proprietary funds are recorded as capital assets and depreciated over their estimated useful lives on a straight-line basis on both the fund basis and the government-wide basis. Interest expense is capitalized on proprietary fund type assets acquired with tax-exempt debt. The amount of interest expense capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project against interest income earned on invested proceeds over the same period.

The City's capitalization policy threshold is \$5,000. All capital assets are valued at historical cost or estimated historical cost if actual cost was not available. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. Assets acquired under capital leases are capitalized at the net present value of all lease payments.

The estimated useful lives of capital assets are as follows:

<u>Asset Description</u>	<u>Estimated Lives</u>
Buildings	40 years
Improvements other than buildings	20-50 years
Machinery and equipment	3-50 years
Infrastructure	10-30 years

Maintenance, repairs, and minor equipment are charged to operations when incurred. Expenditures that materially change capacities or extend useful lives are capitalized. Upon sale or retirement of land, buildings, and equipment, the cost and related accumulated depreciation, if applicable, are eliminated from the respective accounts and any resulting gain or loss is included in the results of operations.

I. Compensated Absences

City employees are granted vacation and sick pay in varying amounts based on years of service. Employees may accumulate, subject to certain limitations, unused vacation and sick pay earned and, upon retirement, termination or death, may be compensated for certain amounts at specified rates. The cost of accumulated vacation and sick pay expected to be paid from future expendable resources is accounted for as a liability in the government-wide statements and proprietary fund statements.

J. Pensions

The Virginia Retirement System (VRS) Political Subdivision Retirement Plan is a multi-employer, agent plan. The Virginia Retirement System (VRS) Teacher Employee Retirement Plan is a multiple employer, cost-sharing plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Political Subdivision's Retirement Plan and Virginia Retirement System (VRS) Teacher Retirement Plan and the additions to/deductions from the Political Subdivision's Retirement Plan's and VRS Teacher Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

K. Group Life Insurance

The Virginia Retirement System (VRS) Group Life Insurance Program is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net Group Life Insurance Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Group Life Insurance Program OPEB, and Group Life Insurance Program OPEB expense, information about the fiduciary net position of the VRS Group Life Insurance program OPEB and the additions to/deductions from the VRS Group Life Insurance Program OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Health Insurance Credit

The Political Subdivision Health Insurance Credit Program is a multiple-employer, agent defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. The Political Subdivision Health Insurance Credit Program was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. For purposes of measuring the net Political Subdivision Health Insurance Credit Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Health Insurance Credit Program OPEB, and the Political Subdivision Health Insurance Credit Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Political Subdivision Health Insurance Credit Program; and the additions to/deductions from the VRS Political Subdivision Health Insurance Credit Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. Teacher Employee Health Insurance Credit Program

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit Program is a multiple-employer, cost-sharing plan. The Teacher Employee Health Insurance Credit Program was established pursuant to §51.1-1400 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Teacher Employee Health Insurance Credit Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For purposes of measuring the net Teacher Employee Health Insurance Credit Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Teacher Employee Health Insurance Credit Program OPEB, and the Teacher Employee Health Insurance Credit Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit Program; and the additions to/deductions from the VRS Teacher Employee Health Insurance Credit Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

N. Line of Duty Act Program

The Virginia Retirement System (VRS) Line of Duty Act Program (LODA) is a multiple-employer, cost-sharing plan. The Line of Duty Act Program was established pursuant to §9.1-400 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Line of Duty Act Program provides death and health insurance benefits to eligible state employees and local government employees, including volunteers, who die or become disabled as a result of the performance of their duties as a public safety officer. In addition, health insurance benefits are provided to eligible survivors and family members. For purposes of measuring the net Line of Duty Act Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Line of Duty Act Program OPEB, and Line of Duty Act Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Line of Duty Act Program OPEB Plan and the additions to/deductions from the VRS Line of Duty Act Program OPEB Plan's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

O. Political Subdivision Employee Virginia Local Disability Program

The Virginia Retirement System (VRS) Political Subdivision Employee Virginia Local Disability Program is a multiple-employer, cost-sharing plan. For purposes of measuring the net Political Subdivision Employee Virginia Local Disability Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Employee Virginia Local Disability Program OPEB, and the Political Subdivision Employee Virginia Local Disability Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Political Subdivision Employee Virginia Local Disability Program; and the additions to/deductions from the VRS Political Subdivision Employee Virginia Local Disability Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

P. Teacher Employee Virginia Local Disability Program

The Virginia Retirement System (VRS) Teacher Employee Virginia Local Disability Program is a multiple-employer, cost-sharing plan. For purposes of measuring the net Teacher Employee Virginia Local Disability Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Teacher Employee Virginia Local Disability Program OPEB, and the Teacher Employee Virginia Local Disability Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee Virginia Local Disability Program; and the additions to/deductions from the VRS Teacher Employee Virginia Local Disability Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Q. Deferred Outflows/Inflows of Resources

The Statement of Net Position includes a separate section for Deferred Outflows of Resources. This represents the usage of net position applicable to future periods and will be recognized as expenditures in the future period to which it applies. This category also includes amounts related to pensions for certain actuarially determined differences between projected and actual investment earnings.

The Statement of Net Position also includes a separate section for Deferred Inflows of Resources. This represents the acquisition of net position applicable to future periods and will be recognized as revenue in the future period to which it applies. Currently, this category includes revenue received in advance, and amounts related to pensions for certain actuarially determined differences between projected and actual experience.

Deferred Inflows of Resources in the Governmental Funds Balance Sheet include unavailable revenue. Unavailable revenue consists primarily of special assessment, loans, and notes receivable. The City considers revenues available if they are collected within 60 days of the end of the fiscal year.

R. Statement of Cash Flows

For purposes of the Statement of Cash Flows, all highly liquid investments (including restricted assets) with original purchased maturities of three-months or less are considered to be cash equivalents.

S. Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenditures/expenses. Actual results could differ from those estimates and assumptions.

T. Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses in both government-wide and fund financial statements.

U. Credit Risk

The assessed value of real estate and personal property for the City's ten largest taxpayers comprise 12.15% and 11.32% of the City's real estate and personal property tax base, respectively. Concentration of credit risk with respect to receivables is limited due to the large number of citizens comprising the City's taxpayer base.

V. Net Position

Net position in the government-wide financial statements are classified as Net Investment in Capital Assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

W. Interfund Activity

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's Enterprise Funds' functions. Elimination of these charges would distort costs and program revenues reported for the various functions concerned.

X. Fund Equity

Beginning with fiscal year 2011, the City implemented GASB Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- **Nonspendable fund balance** – amounts that cannot be expended as they are either: (a) in nonspendable form; or, (b) legally or contractually required to be maintained intact by the governmental entity. Items in a nonspendable form include inventories and prepaid items. The corpus of an endowment is an example of an amount that is legally or contractually required to be maintained intact and is not available for expenditure;
- **Restricted fund balance** – amounts that are legally constrained for a specific purpose by external parties, constitutional provisions, bond indenture, or enabling legislation. External parties include creditors, grantors, contributors or laws and regulations. Enabling legislation includes any act of law or regulation that authorizes the government to assess, levy, charge, or otherwise mandate payment of resources and includes a legally enforceable requirement that those resources be used only for the specific purpose stipulated in the enabling legislation. An act of law can originate external to the government or be self-imposed through the enactment of an ordinance by the governmental body. The expenditure of resources restriction must originate within the enabling legislation; whereas funds restricted outside originating legislation will be considered committed or assigned.
- **Committed fund balance** – amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation;
- **Assigned fund balance** – amounts constrained for a specific purpose by the City Manager. Assignments shall not create a deficit in any fund or segment of fund balance;
- **Unassigned fund balance** – amounts not classified as nonspendable, restricted, committed, or assigned as noted above. The General Fund is the only fund that would report a positive unassigned fund balance.

When fund balance resources are available for a specific purpose in more than one classification, it is the Council's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

The City Council establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by the City Council through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes). The City's Fund Balance Policy adopted by the Governing Body delegates the authority to assign fund balances for specific purposes to the City Manager.

Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the City.

It is the City Council's policy that there shall be retained in the General Fund an unassigned fund balance of 15% to 25% of the following year's projected expenditures.

Y Property Taxes

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Real estate taxes are payable in two installments on June 5 and December 5. Personal property taxes are due and collectible annually on December 5. The City bills and collects its own property taxes.

Z. Unearned Revenues

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

AA. New GASB Pronouncements

During the fiscal year ended June 30, 2020, the City adopted the following GASB statement:

- Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*

This Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic.

The effective dates of certain provisions contained in the following pronouncements are postponed by one year:

- Statement No. 83, *Certain Asset Retirement Obligations*
- Statement No. 84, *Fiduciary Activities*
- Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*
- Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*
- Statement No. 90, *Majority Equity Interests*
- Statement No. 91, *Conduit Debt Obligations*
- Statement No. 92, *Omnibus 2020*
- Statement No. 93, *Replacement of Interbank Offered Rates*
- Implementation Guide No. 2017-3, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (and Certain Issues Related to OPEB Plan Reporting)*
- Implementation Guide No. 2018-1, *Implementation Guidance Update—2018*
- Implementation Guide No. 2019-1, *Implementation Guidance Update—2019*
- Implementation Guide No. 2019-2, *Fiduciary Activities*

The effective dates of the following pronouncements are postponed by 18 months:

- Statement No. 87, *Leases*
- Implementation Guide No. 2019-3, *Leases*

2 Deposits

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and, depending upon that choice, will pledge collateral that ranges in amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Statutes authorize the City to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, “prime quality” commercial paper and certain corporate notes, banker’s acceptances, repurchase agreements, and the State Treasurer’s Local Government Investment Pool (LGIP).

The City’s investment policy authorizes the City to purchase investments consistent with obligations permitted by statutes of the Commonwealth of Virginia. The policy requires that all investments shall be held by the City or purchased by a third-party custodial agent who may not otherwise be a counterparty to the investment transaction.

Credit Risk of Debt Securities

As required by state statute, the Policy requires that commercial paper have a short-term debt rating of no less than “A-1” (or its equivalent) from at least two of the following: Moody’s Investors Service, Standard & Poor’s, or Fitch Investor’s Service. Corporate notes, negotiable certificates of deposit and bank deposit notes maturing in less than that one year must have a short-term debt rating of at least “A-1” by Standard & Poor’s and “P-1” by Moody’s Investors Service. Notes having a maturity of greater than one year must be rated “AA” by Standard & Poor’s and “Aa” by Moody’s Investors Service.

Interest Rate Risk

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by nationally recognized statistical rating organizations. The City did not have any investments at June 30, 2020.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. All deposits of the City are maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act, Section 2.2-4400 et. seq. of the *Code of Virginia* or covered by the Federal Deposit Insurance Corporation (FDIC).

Concentration of Credit Risk

The City does not have a formal investment policy regarding concentration of credit risk of its investments.

3 Interfund Receivables and Payables

Interfund balances at June 30, 2020 were as follows:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Governmental Funds		
From Airport to General	\$ 969,874	\$ -
Proprietary Funds		
From Airport to General	-	<u>969,874</u>
Total	<u>\$ 969,874</u>	<u>\$ 969,874</u>
Component Unit - School Board		
Operating Fund to Cafeteria Fund	\$ 1,725	\$ 1,725
Operating Fund to Textbook Fund	<u>82,094</u>	<u>82,094</u>
Total	<u>\$ 83,819</u>	<u>\$ 83,819</u>

The receivables and payables between funds account for the time differences in recording interfund transfers.

Interfund transfers for the year ended June 30, 2020 were as follows:

	<u>Purpose - Funding for:</u>	<u>Transfers In</u>	<u>Transfers Out</u>
City of Franklin, Virginia			
General Fund			
Transfers between General Fund and Electric Fund	Services provided by general fund	\$ 1,644,393	\$ 17,464
Transfers between General Fund and Water and Sewer Fund	Services provided by general fund	195,000	-
Transfers between General Fund and Airport Fund	Airport support	-	96,134
From General Fund to Capital Projects Fund	Support of Pay-As-You-Go Projects	-	801,225
From Capital Projects Fund to General Fund	Support of Pay-As-You-Go Projects	110,533	-
From General Fund to Nonmajor Governmental Funds	Support of special revenue programs	-	268,052
From General Fund to Virginia Public Assistance Fund	Support of VPA fund	-	407,439

Machinery, equipment, other	8,596,629	460,196	-	9,056,825
School joint tenancy assets	3,152,506	97,762	-	3,250,268
Infrastructure	15,090,756	568,040	-	15,658,796
Total Accumulated Depreciation	37,419,806	1,708,146	-	39,127,952
Subtotal Capital Assets, Net	19,124,916	534,094	-	19,659,010
Total Capital Assets, Governmental Activities, Net	\$ 24,406,078	\$ 534,094	\$ -	\$ 24,940,172

Legislation enacted during the year ended June 30, 2002, Section 15.2-1800.1 of the Code of Virginia 1950, as amended, has changed the reporting of local capital assets and related debt for financial statement purposes. Historically, debt incurred by local governments "on-behalf" of school boards was reported in the school board's discrete column along with the related capital assets. Under the law, local governments have a "tenancy in common" with the school board whenever the locality incurs any financial obligations for any school property which is payable over more than one year. For financial reporting purposes, the legislation permits the locality to report the portion of school property related to any outstanding financial obligation eliminating any potential deficit from capitalizing assets financed with debt. The effect on the City of Franklin, Virginia for the year ended June 30, 2020 is that school financed assets in the amount of \$1,637,818 net are reported in the Primary Government for financial reporting purposes.

Depreciation expense for governmental activities was charged to functions of the primary government as follows:

General governmental administration	\$ 397,462
Public safety	390,175
Public works	605,839
Health and welfare	46,796
Parks, recreation, and cultural	158,796
Community development	11,316
Education	<u>97,762</u>
Total	<u>\$ 1,708,146</u>

A summary of changes in capital assets for the enterprise funds follows:

Note: General obligation bonds have been issued for both governmental and business-type activities. These bonds are direct obligations and pledge the full faith and credit of the government and are subject to the provisions of the Internal Revenue Code of 1986 related to arbitrage, interest, and income tax regulations under those provisions.

General Obligation Refunding Bonds – December 2019

In December 2019, the City issued \$6,935,000 of general obligation refunding bonds with a true interest cost of 3.19%. The bonds were issued to currently refund the 2015A and 2015B general obligation refunding bonds, advance refund certain outstanding 2010 general obligation refunding public improvement bonds, and fund related cost of issuance. Proceeds in the amount of \$5,967,579 were used to pay off the 2015A and 2015B bonds at closing and \$693,194 were deposited in an irrevocable trust with an escrow agent to provide for the January 15, 2020 interest payment and the redemption on January 22, 2020 of the refunded 2010 bonds. The refunded bonds are considered to be defeased and the liabilities have been removed from the Statement of Net Position. On June 30, 2020, \$- of the defeased bonds remain outstanding. The 2019 bonds strategically refinanced and restructured the City's debt in order to reduce debt service by approximately \$2.9 million during the period from FY 2020 through FY 2032 at an economic loss of \$175,000 calculated on a present value basis.

General obligation debt of the governmental activities at June 30, 2020 is comprised of the following:

2026-2030	<u>688,658</u>	<u>27,651</u>
	<u>\$ 1,378,360</u>	<u>\$ 230,741</u>

The City also has a line of credit with SunTrust Bank of \$2,100,000 and used \$55,439 during fiscal year 2019.

General Obligation Debt Limit

The Commonwealth of Virginia imposes a legal limit of 10% of the assessed valuation of taxable real property as the amount of general obligation borrowing which may be issued by the City. As of June 30, 2020, the City's Legal Debt Margin is as follows:

Total Assessed Value of Taxed Assessed Value		
Assessed value of real estate		<u>\$ 571,192,990</u>
Debt Limit - 10% of Total Assessed Value		\$ 57,119,299
Amount of Debt Applicable to Debt Limit		
General Obligation Debt		
Primary Government	\$ 18,129,429	
Business-Type	<u>5,130,000</u>	
Total General Obligation Debt		<u>23,259,429</u>
Legal Debt Margin		<u>\$ 33,859,870</u>

Note: The City was in compliance with all significant financial covenants contained in the various indentures at June 30, 2020.

The following provides the purpose for each debt issuance of the City of Franklin, Virginia.

9 Net Investment in Capital Assets

The "net investment in capital assets" amount reported on the government-wide Statement of Net Position as of June 30, 2020 is determined as follows:

	<u>Governmental Activities</u>	<u>Business-Type Activities</u>	<u>Component Unit - School Board</u>
Net Investment in Capital Assets			
Cost of Capital Assets	\$ 64,068,124	\$ 47,108,163	\$ 19,999,044
Less: Accumulated depreciation	<u>(39,127,952)</u>	<u>(36,276,831)</u>	<u>(10,024,989)</u>
Book value	24,940,172	10,831,332	9,974,055
Less: Capital related debt	(18,129,429)	(5,130,000)	-
Less: Capital leases	(24,810)	-	(1,378,360)
Less: Nondebt capital related payables	(174,631)	(44,046)	-
Add: Cash not spent from bond proceeds	2,787,736	2,976,000	-
Add: Loss on refunding	442,895	48,323	-
Less: Bond premiums	<u>(372,566)</u>	<u>(15,842)</u>	<u>-</u>
Net Investment in Capital Assets	<u>\$ 9,469,367</u>	<u>\$ 8,665,767</u>	<u>\$ 8,595,695</u>

10 Compensated Absences

City employees earn annual leave at the rate of 17 to 29 days per year depending on length of service. A maximum of 34 to 58 days of annual leave, depending on length of service, may be carried over to succeeding years and may be paid if not used prior to termination. The governmental and business-type activities have outstanding accrued vacation totaling \$669,215 and \$101,624, respectively, as of June 30, 2020. The general fund has normally been used in prior years to liquidate the liability for compensated absences.

City employees no longer earn sick leave. A policy was adopted on January 1, 2002, in which all compensated absences are classified as annual leave. Any unused sick leave accrued as of January 1, 2002, was placed in a "sick leave bank" which can be used in the event of illness or injury in lieu of using paid time off days. Up to 3 days of banked sick leave may also be used annually for the sickness of an immediate family member. Employees who leave employment after 5 years or more of continuous service are paid for 25% of their sick leave balance (earned prior to January 1, 2002) based on their final rate of pay; however, the total amount of sick leave compensation may not exceed \$2,500.

Twelve-month employees of the City of Franklin Public Schools earn annual vacation leave as follows:

<u>Years of Experience</u>	<u>Rate</u>	<u>Days Per Year</u>
1 - 7	1 day per month	12
8 - 12	1-1/4 days per month	15
13 and over	1-1/2 days per month	18

Vacation leave is accumulated monthly. Employees may accumulate leave not to exceed a total of 24 months unless authorized by the Superintendent. Upon resignation or retirement from employment with the school system, an employee will be paid for unused vacation leave up to 24 months.

All employees of the City of Franklin Public Schools earn one day per month of sick leave. Employees who retire under provisions of the Virginia Retirement System Act while employed by the City of Franklin Public Schools will receive severance compensation for unused sick leave at a rate of \$30 per day, not to exceed 200 days. The school system will accept transfer of up to 90-days accumulated unused sick leave earned by an employee while employed by another local school division or an institution accredited by the Virginia Department of Education. At June 30, 2020, accumulated unpaid vacation amounted to \$229,598. Sick leave is not recorded, as the pay out of sick leave is only upon retirement of employees which is undeterminable.

11 Appropriation to School from Governmental Funds

Following is a summary of adjustments made to the local school appropriation when converting from fund financial statements to government-wide financial statements:

	<u>School Board</u>
Appropriation from City General Fund	\$5,037,395
Depreciation expense on school joint tenancy buildings	<u>97,762</u>
Appropriation to School Fund by Government-Wide Statements	<u>\$5,135,157</u>

12 Deferred Inflows of Resources and Unearned Revenue

Deferred inflows of resources and unearned revenues are comprised of the following:

Governmental Funds - General Fund

Deferred Inflows of Resources:

Delinquent taxes not collected within 60 days	<u>\$ 949,458</u>
Total Deferred Inflows of Resources	<u>\$ 949,458</u>

Unearned Revenues:

Unearned grant revenue - CARES Act (COVID)	<u>\$ 689,901</u>
Total Unearned Revenues	<u>\$ 689,901</u>

13 Pension Plan

Plan Description

All full-time, salaried permanent employees of the Political Subdivision are automatically covered by VRS Retirement Plan upon employment. In addition, all full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer are paying contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees and employees in the VRS Teacher Retirement Plan – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

PLAN 1

About Plan 1

Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, service credit, and average final compensation at retirement using a formula.

Eligible Members

Employees are in Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013, and they have not taken a refund.

Hybrid Opt-In Election

VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.

PLAN 2

About Plan 2

Plan 2 is a defined benefit plan. The retirement benefit is based on a member's age, service credit, and average final compensation at retirement using a formula.

Eligible Members

Employees are in Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.

Hybrid Opt-In Election

Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible Plan 2 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.

HYBRID RETIREMENT PLAN

About the Hybrid Retirement Plan

The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan.

- The defined benefit is based on a member's age, service credit, and average final compensation at retirement using a formula.
- The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.
- In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.

Eligible Members

Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:

- Political subdivision employees*
- School division employees
- Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1 - April 30, 2014; the plan's effective date for opt-in members was July 1, 2014

**Non-Eligible Members*

Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:

- Political subdivision employees who are covered by enhanced benefits for hazardous duty employees

Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.

PLAN 1

Retirement Contributions

Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.

Service Credit

Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

Vesting

Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of service credit. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund.

Members are always 100% vested in the contributions that they make.

PLAN 2

Retirement Contributions

Same as Plan 1.

Service Credit

Same as Plan 1.

Vesting

Same as Plan 1.

**HYBRID
RETIREMENT PLAN**

Retirement Contributions

A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.

Service Credit

Defined Benefit Component:

Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

Defined Contributions Component:

Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.

Vesting

Defined Benefit Component:

Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of service credit. Plan 1 or Plan 2 members with at least five years (60 months) of service credit who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.

Defined Contributions Component:

Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan.

Members are always 100% vested in the contributions that they make.

PLAN 1

Calculating the Benefit

The basic benefit is determined using the average final compensation, service credit and plan multiplier. An early retirement reduction is applied to this amount if the member is retiring with a reduced benefit. In cases where the member has elected an optional form of retirement payment, an option factor specific to the option chosen is then applied.

An early retirement reduction factor is applied to the Basic Benefit if the member retires with a reduced retirement benefit or selects a benefit payout option other than the Basic Benefit.

Average Final Compensation

A member's average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.

Service Retirement Multiplier

VRS: The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for non-hazardous duty members is 1.70%.

Sheriffs and regional jail superintendents: The retirement multiplier for sheriffs and regional jail superintendents is 1.85%.

Political subdivision hazardous duty employees: The retirement multiplier of eligible political subdivision hazardous duty employees other than sheriffs and regional jail superintendents is 1.70% or 1.85% as elected by the employer.

PLAN 2

Calculating the Benefit

See definition under Plan 1.

Average Final Compensation

A member's average final compensation is the average of their 60 consecutive months of highest compensation as a covered employee.

Service Retirement Multiplier

VRS: Same as Plan 1 for service earned, purchased, or granted prior to January 1, 2013. For non-hazardous duty members, the retirement multiplier is 1.65% for service credit earned, purchased, or granted on or after January 1, 2013.

Sheriffs and regional jail superintendents: Same as Plan 1.

Political subdivision hazardous duty employees: Same as Plan 1.

**HYBRID
RETIREMENT PLAN**

Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.

- After two years, a member is 50% vested and may withdraw 50% of employer contributions.
- After three years, a member is 75% vested and may withdraw 75% of employer contributions.
- After four or more years, a member is 100% vested and may withdraw 100% of employer contributions.

Distributions not required, except as governed by law .

Calculating the Benefit

Defined Benefit Component:

See definition under Plan 1.

Defined Contribution Component:

The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.

Average Final Compensation

Same as Plan 2. It is used in the retirement formula for the defined benefit component of the plan.

Service Retirement Multiplier

Defined Benefit Component:

VRS: The retirement multiplier for the defined benefit component is 1.00%.

For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans

Sheriffs and regional jail superintendents: Not applicable.

Political subdivision hazardous duty employees: Not applicable.

Defined Contribution Component

Not applicable.

PLAN 1
Normal Retirement Age

VRS: Age 65.

Political subdivisions hazardous duty employees:
Age 60.

Earliest Unreduced Retirement Eligibility

VRS: Age 65 with at least five years (60 months) of service credit or at age 50 with at least 30 years of service credit.

Political subdivisions hazardous duty employees:
Age 60 with at least five years of service credit or age 50 with at least 25 years of service credit.

Earliest Reduced Retirement Eligibility

VRS: Age 55 with at least five years (60 months) of service credit or age 50 with at least 10 years of service credit.

Political subdivisions hazardous duty employees:
Age 50 with at least five years of service credit.

Cost-of-Living Adjustment (COLA) in Retirement

The Cost-of-Living Adjustment (COLA) matches the first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%.

Eligibility:

For members who retire with an unreduced benefit or with a reduced benefit with at least 20 years of service credit, the COLA will go into effect on July 1 after one full calendar year from the retirement date.

For members who retire with a reduced benefit and who have less than 20 years of service credit, the COLA will go

PLAN 2
Normal Retirement Age

VRS: Normal Social Security retirement age.

Political subdivisions hazardous duty employees:
Same as Plan 1.

Earliest Unreduced Retirement Eligibility

VRS: Normal Social Security retirement age with at least five years (60 months) of service credit or when their age plus service credit equal 90.

Political subdivisions hazardous duty employees:
Same as Plan 1.

Earliest Reduced Retirement Eligibility

VRS: Age 60 with at least five years (60 months) of service credit.

Political subdivisions hazardous duty employees:
Same as Plan 1.

Cost-of-Living Adjustment (COLA) in Retirement

The Cost-of-Living Adjustment (COLA) matches the first 2% increase in the CPI-U and half of any additional increase (up to 2%), for a maximum COLA of 3%.

Eligibility:

Same as Plan 1

**HYBRID
RETIREMENT PLAN**
Normal Retirement Age

Defined Benefit Component:
VRS: Same as Plan 2.

Political subdivisions hazardous duty employees:
Not applicable.

Defined Contribution Component:

Members are eligible to receive distributions upon leaving employer subject to restrictions.

Earliest Unreduced Retirement Eligibility

Defined Benefit Component:
VRS: Normal Social Security retirement age and have at least five years (60 months) of service credit or when their age and service equal 90.

Political subdivisions hazardous duty employees:
Not applicable.

Defined Contribution Component:

Members are eligible to receive distributions upon leaving employer subject to restrictions.

Earliest Reduced Retirement Eligibility

Defined Benefit Component:
VRS: Age 60 with at least five years (60 months) of service credit.

Political subdivisions hazardous duty employees:
Not applicable

Defined Contribution Component:

Members are eligible to receive distributions upon leaving employer subject to restrictions.

Cost-of-Living Adjustment (COLA) in Retirement

Defined Benefit Component:
Same as Plan 2

Defined Contribution Component:

Not applicable

Eligibility:

Same as Plan 1 and Plan 2

PLAN 1

Exceptions to COLA Effective Dates:

The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances:

- The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013.
- The member retires on disability.
- The member retires directly from short-term or long-term disability.
- The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program.
- The member dies in service and the member's survivor or beneficiary is eligible for a monthly death-in-service benefit. The COLA will go into effect on July 1 following one full calendar year (January 1 to December 31) from the date the monthly benefit begins.

Disability Coverage

Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.70% on all service, regardless of when it was earned, purchased, or granted.

Purchase of Prior Service

Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as service credit in their plan. Prior service credit counts towards vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. Members also may be eligible to purchase periods of leave without pay.

PLAN 2

Exceptions to COLA Effective Dates:

Same as Plan 1

Disability Coverage

Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased, or granted.

Purchase of Prior Service

Same as Plan 1

HYBRID RETIREMENT PLAN

Exceptions to COLA Effective Dates:

Same as Plan 1 and Plan 2

Disability Coverage

Employees of political subdivisions and school divisions (including Plan 1 and Plan 2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employer-paid comparable program for its members.

Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VLDP are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.

Purchase of Prior Service

Defined Benefit Component:

Same as Plan 1, with the following exceptions:

- Hybrid Retirement Plan members are ineligible for ported service.

Defined Contribution Component:

Not applicable

Employees Covered by Benefit Terms

As of the June 30, 2018 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<u>Primary Government - City</u>	<u>School Board - General Employees</u>
	<u>Number</u>	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	123	15
Inactive members:		
Vested inactive members	29	1
Non-vested inactive members	47	5
LTD	0	1
Inactive members active elsewhere in VRS	<u>81</u>	<u>8</u>
Total inactive members	157	15
Active members	<u>174</u>	<u>17</u>
Total covered employees	<u>454</u>	<u>47</u>

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions and school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

If the employer used the certified rate: The City of Franklin's (55232) contractually required contribution rate for the year ended June 30, 2020 was 12.08% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The rate for the Franklin City Public Schools (55606) was 5.03%.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the City of Franklin (55232) were \$895,664 and \$941,347 for the years ended June 30, 2020 and June 30, 2019, respectively.

For Franklin City Public Schools (55606), employer contributions were \$24,409 and \$22,387 for the years ended June 30, 2020 and June 30, 2019, respectively.

Each school division's contractually required contribution rate for the year ended June 30, 2020 was 15.68% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contribution to the pension plan from Franklin City Public Schools – Teachers (40232) (were \$993,784 and \$1,057,678 for the years ended June 30, 2020 and June 30, 2019, respectively.

Net Pension Liability

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For City of Franklin (55232), the net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2018 rolled forward to the measurement date of June 30, 2019.

Net Pension Liability – Teacher Employee Retirement Plan

The net pension liability (NPL) is calculated separately for each system and represents that particular system’s total pension liability determined in accordance with GASB Statement No. 67, less that system’s fiduciary net position. As of June 30, 2019, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	Teacher Employee Retirement Plan
Total Pension Liability	\$49,683,336
Plan Fiduciary Net Position	<u>36,522,769</u>
Employer's Net Pension Liability (Asset)	<u>\$13,160,567</u>
 Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	 73.51%

The total pension liability is calculated by the System’s actuary, and each plan’s fiduciary net position is reported in the System’s financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System’s notes to the financial statements and required supplementary information.

Actuarial Assumptions – General Employees and School Division – Teachers

The total pension liability for General Employees in the Political Subdivision’s Retirement Plan and the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2018 using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

	<u>General Employees</u>	<u>Teachers</u>
Inflation	2.50%	2.50%
Salary increases, including inflation	3.50% - 5.35%	3.50% - 5.95%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation*	6.75%, net of pension plan investment expenses, including inflation*

**Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.*

Political Subdivisions

Mortality rates:

All Others (Non 10 Largest) – Non-Hazardous Duty: 15% of deaths are assumed to be service related.

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non 10 Largest) – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 15%
Discount Rate	Decrease rate from 7.00% to 6.75%

School Divisions – Teachers

Mortality rates:

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020: males 1.0% increase compounded from ages 70-90; and females set back 3 years with 1.5% increase compounded from ages 65-75 and 2% increase compounded from ages 75-90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70-75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

Actuarial Assumptions – Public Safety Employees with Hazardous Duty Benefits

The total pension liability for Public Safety employees with hazardous duty benefits in the Political Subdivision Retirement Plan was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.50%
Salary increases, including inflation	3.50% - 4.75%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation*

**Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.*

Mortality rates:

All Others (Non 10 Largest) – Hazardous Duty; 45% of deaths are assumed to be service related.

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year, 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non 10 Largest) – Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates, and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better fit experience
Salary Scale	No change
Line of Duty Disability	Decrease rate from 60% to 45%
Discount Rate	Decrease rate from 7.00% to 6.75%

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
Public Equity	34.00%	5.61%	1.91%
Fixed Income	15.00%	0.88%	0.13%
Credit Strategies	14.00%	5.13%	0.72%
Real Assets	14.00%	5.27%	0.74%
Private Equity	14.00%	8.77%	1.23%
MAPS - Multi-Asset Public Strategies	6.00%	3.52%	0.21%
PIP - Private Investment Partnership	<u>3.00%</u>	6.29%	<u>0.19%</u>
Total	<u>100.00%</u>		5.13%
	Inflation		<u>2.50%</u>
	*Expected arithmetic nominal return		<u>7.63%</u>

**The above allocation provides a one-year return of 7.63%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation.*

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2019, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2017, actuarial valuations, whichever was greater. Through the fiscal year ending June 30, 2019, the rate contributed by the school division for the VRS Teacher Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2019 on, participating employers and school divisions are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability

Primary Government - City

	Total Pension Liability (a)	Increase (Decrease) Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at June 30, 2018	\$ 39,405,043	\$ 34,491,725	\$ 4,913,318
Changes for the Year

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2020, the City of Franklin (55232) recognized pension expense of \$645,448.

For the year ended June 30, 2020, the Franklin City Public Schools (55606) recognized pension expense of \$29,067.

At June 30, 2020, Franklin City Public Schools – Teachers (40232) reported a liability of \$10,511,346 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2019 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2018, and rolled forward to the measurement date of June 30, 2019. Franklin City Public Schools – Teachers (40232) proportion of the Net Pension Liability was based on Franklin City Public Schools – Teachers (40232) actuarially determined employer contributions to the pension plan for the year ended June 30, 2019 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2019, Franklin City Public Schools – Teachers (40232) proportion was .07987% as compared to .08655% at June 30, 2018.

For the year ended June 30, 2020, Franklin City Public Schools – Teachers (40232) recognized pension expense of \$481,063. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2020, the City of Franklin (55232), Franklin City Public Schools (55606), and Franklin City Public Schools – Teachers (40232) reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Primary Government - City's Political Subdivision		
Differences between expected and actual experience	\$ -	\$ 1,036,775
Change in assumptions	693,569	2,741
Net difference between projected and actual earnings on pension plan investments	-	305,788
Employer contributions subsequent to the measurement date	<u>895,664</u>	<u>-</u>

Pension Plan Fiduciary Net Position

Detailed information about the VRS Political Subdivision's and Teacher Retirement Plans' Virginia Retirement System's Fiduciary Net Position is available in the separately issued VRS 2019 *Comprehensive Annual Financial Report* (CAFR). A copy of the 2019 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2019-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

14 Other Post-Employment Benefits - Group Life Insurance

Plan Description

All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS

Eligible Employees

The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:

- City of Richmond
- City of Portsmouth
- City of Roanoke
- City of Norfolk
- Roanoke City Schools Board

Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

Benefit Amounts

The benefits payable under the Group Life Insurance Program have several components.

- **Natural Death Benefit** – The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled.
- **Accidental Death Benefit** – The accidental death benefit is double the natural death benefit.
- **Other Benefit Provisions** – In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include:
 - Accidental dismemberment benefit
 - Safety belt benefit
 - Repatriation benefit
 - Felonious assault benefit
 - Accelerated death benefit option

Reduction in Benefit Amounts

The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.

Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)

For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,463 as of June 30, 2020.

Contributions

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.31% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.79% (1.31% X 60%) and the employer component was 0.52% (1.31% X 40%). Employers may elect to pay all or part of the employee contribution, however the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2020 was 0.52% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contribution to the Group Life Insurance Program from the entity were \$38,651 and \$40,642 for the years ended June 30, 2020 and June 30, 2019, respectively.

For the school board – general employees, contributions were \$2,523 and \$2,314 for the years ended June 30, 2020 and June 30, 2019, respectively.

For the school board – teachers, contributions were \$33,023 and \$35,329 for the years ended June 30, 2020 and June 30, 2019, respectively.

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

At June 30, 2020, the entities reported a liability of \$648,791 for the City's political subdivision, \$36,939 for the school board – general employees, and \$564,011 for the school board - teacher for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2019 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2018, and rolled forward to the measurement date of June 30, 2019. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2019 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2019, the participating employer's proportion was .03987% for the City's political subdivision, .00227% for the school board – general employees, and .03466% for the school board – teacher proportionate share as compared to .04016% for the City's political subdivision, .00217% for the school board – general employees, and .03732% for the school board – teacher proportionate share at June 30, 2018.

For the year ended June 30, 2020, the participating employer recognized GLI OPEB expense of \$10,151 for the City's political subdivision, \$1,105 for the school board – general employees, and \$(7,976) for the school board – teacher proportionate share. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2020, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

Primary Government - City's Political Subdivision

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 43,148	\$ 8,414
Net difference between projected and actual earnings on GLI OPEB program investments	-	13,327
Change in assumptions	40,961	19,564
Changes in proportion	-	19,724

Total	<u>\$ 122,760</u>	<u>\$ 61,029</u>

Component Unit School Board - General Employees

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 2,457	\$ 759
Net difference between projected and actual earnings on GLI OPEB program investments	-	479
Change in assumptions	2,332	1,114
Changes in proportion	1,335	-
Employer contributions subsequent to the measurement date	<u>2,523</u>	<u>-</u>
Total	<u>\$ 8,647</u>	<u>\$ 2,352</u>

Component Unit School Board - Teachers

Differences between expected and actual experience	\$ 37,510	\$ 7,316
Net difference between projected and actual earnings on GLI OPEB program investments	-	11,585
Change in assumptions	35,608	17,007
Changes in proportion	-	95,110
Employer contributions subsequent to the measurement date	<u>33,023</u>	<u>-</u>
Total	<u>\$ 106,141</u>	<u>\$ 131,018</u>

\$38,651 for the City's political subdivision, \$2,523 for the School Board general employees, and \$33,023 for the Teacher pool reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.50%
Salary increases, including inflation -	
General state employees	3.50% - 5.35%
Teachers	3.50% - 5.95%
SPORS employees	3.50% - 4.75%
VaLORS employees	3.50% - 4.75%
JRS employees	4.50%
Locality - General employees	3.50% - 5.35%
Locality - Hazardous Duty employees	3.50% - 4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation*

**Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of the OPEB liabilities.*

Mortality rates – General State Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males set back 1 year, 85% of rates; females set back 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year; females set back 1 year with 1.5% increase compounded from ages 70 to 85.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males 115% of rates; females 130% of rates.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70-75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 25%
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – Teachers

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Health Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70-75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – SPORS Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020 and reduced margin for future improvement in accordance with experience
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 85%
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – VaLORS Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020 and reduced margin for future improvement in accordance with experience
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 50% to 35%
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – JRS Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males set back 1 year, 85% of rates; females set back 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year; females set back 1 year with 1.5% compounding increase from ages 70 to 85.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; males 115% of rates; females 130% of rates.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Decreased rates at first retirement eligibility
Withdrawal Rates	No change
Disability Rates	Removed disability rates
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – Largest Ten Locality Employers - General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 20%
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – Non-Largest Ten Locality Employers - General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Increased disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – Non-Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%
Discount Rate	Decrease rate from 7.00% to 6.75%

Net GLI OPEB Liability

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2019, NOL amounts for the Group Life Insurance Program is as follows (amounts expressed in thousands):

	Group Life Insurance OPEB Program
Total GLI OPEB Liability	\$ 3,390,238
Plan Fiduciary Net Position	<u>1,762,972</u>
GLI Net OPEB Liability (Asset)	<u>\$ 1,627,266</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	52.00%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
Public Equity	34.00%	5.61%	1.91%
Fixed Income	15.00%	0.88%	0.13%
Credit Strategies	14.00%	5.13%	0.72%
Real Assets	14.00%	5.27%	0.74%
Private Equity	14.00%	8.77%	1.23%
MAPS - Multi-Asset Public Strategies	6.00%	3.52%	0.21%
PIP - Private Investment Partnership	<u>3.00%</u>	6.29%	<u>0.19%</u>
Total	<u>100.00%</u>		5.13%
	Inflation		<u>2.50%</u>
	*Expected arithmetic nominal return		<u>7.63%</u>

** The above allocation provides a one-year return of 7.63%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation.*

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2019, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1.00% Decrease (5.75%)	Current Discount Rate 6.75%	1.00% Increase (7.75%)
State Agency's Proportionate Share of the Group Life Insurance Plan Net OPEB Liability	<u>\$ 852,332</u>	<u>\$ 648,791</u>	<u>\$ 483,725</u>
Component Unit School Board - General Employees	<u>\$ 48,528</u>	<u>\$ 36,939</u>	<u>\$ 27,541</u>
Component Unit School Board - Teacher	<u>\$ 740,954</u>	<u>\$ 564,011</u>	<u>\$ 420,515</u>

Group Life Insurance Program Fiduciary Net Position

Detailed information about the Group Life Insurance Program's Fiduciary Net Position is available in the separately issued VRS 2019 *Comprehensive Annual Financial Report* (CAFR). A copy of the 2019 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2019-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

15 Other Post-Employment Benefits - Health Insurance Credit Program

Plan Description

All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision Health Insurance Credit Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision Health Insurance Credit Program OPEB, including eligibility, coverage and benefits is set out in the table below:

POLITICAL SUBDIVISION HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS

Eligible Employees

The Political Subdivision Retiree Health Insurance Credit Program was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and who retire with at least 15 years of service credit.

Eligible employees are enrolled automatically upon employment. They include:

- Full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan.

Benefit Amounts

The political subdivision's Retiree Health Insurance Credit Program provides the following benefits for eligible employees:

- **At Retirement** – For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month.
- **Disability Retirement** – For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

Health Insurance Credit Program Notes:

- The monthly Health Insurance Credit benefit cannot exceed the individual premium amount.
- No health insurance credit for premiums paid and qualified under LODA, however, the employee may receive the credit for the premiums paid for other qualified health plans.
- Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the health insurance credit as a retiree.

Employees Covered by Benefit Terms

As of the June 30, 2018 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	<u>School Board Number</u>
Inactive members or their beneficiaries currently receiving benefits	6
Inactive members:	
Vested	-
Non-vested	-
Active elsewhere in VRS	-
Total inactive members	<u>6</u>
Active members	<u>17</u>
Total covered employees	<u><u>23</u></u>

Contributions

The contribution requirement for active employees is governed by §51.1-1402(E) of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Franklin City Public Schools (55606) contractually required employer contribution rate for the year ended June 30, 2020 was .17% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2018. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from Franklin City Public Schools (55606) to the Political Subdivision Health Insurance Credit Program were \$825 and \$756 for the years ended June 30, 2020 and June 30, 2019, respectively.

Net HIC OPEB Liability

Franklin City Public Schools (55606) net Health Insurance Credit OPEB liability was measured as of June 30, 2019. The total Health Insurance Credit OPEB liability was determined by an actuarial valuation performed as of June 30, 2018, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Actuarial Assumptions

The total HIC OPEB liability was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.50%
Salary increases, including inflation	
Locality - General Employees	3.50% - 5.35%
Locality - Hazardous Duty Employees	3.50% - 4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation *

** Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of the OPEB liabilities.*

Mortality rates – Non-Largest Ten Locality Employers - General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – Non-Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%
Discount Rate	Decrease rate from 7.00% to 6.75%

Long-Term Expected Rate of Return

The long-term expected rate of return on the System’s investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System’s investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
Public Equity	34.00%	5.61%	1.91%
Fixed Income	15.00%	0.88%	0.13%
Credit Strategies	14.00%	5.13%	0.72%
Real Assets	14.00%	5.27%	0.74%
Private Equity	14.00%	8.77%	1.23%
MAPS - Multi-Asset Public Strategies	6.00%	3.52%	0.21%
PIP - Private Investment Partnership	<u>3.00%</u>	6.29%	<u>0.19%</u>
Total	<u>100.00%</u>		5.13%
	Inflation		<u>2.50%</u>
	*Expected arithmetic nominal return		<u>7.63%</u>

* The above allocation provides a one-year return of 7.63%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation.

Discount Rate

The discount rate used to measure the total HIC OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2019, the rate contributed by the entity for the HIC OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2019 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

Changes in Net HIC OPEB Liability:

	Total HIC OPEB Liability (a)	Increase (Decrease) Plan Fiduciary Net Position (b)	Net HIC OPEB Liability (a) - (b)
Component Unit School Board - General Employees			
Balances at June 30, 2018	\$ 35,275	\$ 33,612	\$ 1,663
Changes for the Year			
Service cost	544	-	544
Interest	2,373	-	2,373
Benefit changes	-	-	-
Assumption changes	735	-	735
Differences between expected and actual experience	509	-	509
Contributions - employer	-	756	(756)
Net investment income	-	2,045	(2,045)
Benefit payments	(2,741)	(2,741)	-
Administrative expenses	-	(44)	44
Other changes	-	(2)	2
Net Changes	<u>1,420</u>	<u>14</u>	<u>1,406</u>
Balances at June 30, 2019	<u>\$ 36,695</u>	<u>\$ 33,626</u>	<u>\$ 3,069</u>

Sensitivity of the Political Subdivision Health Insurance Credit Net OPEB Liability to Changes in the Discount Rate

The following presents the Political Subdivision Health Insurance Credit Program net HIC OPEB liability using the discount rate of 6.75%, as well as what the Political subdivision's net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower 5.75% or one percentage point higher 7.75% than the current rate:

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
Component Unit School Board - General Employees Net HIC OPEB Liability	<u>\$ 6,284</u>	<u>\$ 3,069</u>	<u>\$ 280</u>

Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Health Insurance Credit Program OPEB

For the year ended June 30, 2020, Franklin City Public Schools (55606) recognized Health Insurance Credit Program OPEB expense \$760. At June 30, 2020, Franklin City Public Schools (55606) reported deferred outflows of resources and deferred inflows of resources related to Franklin City Public Schools (55606) Health Insurance Credit Program from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Component Unit School Board - General Employees		
Differences between expected and actual experience	\$ 1,093	\$ -
Net difference between projected and actual earnings on HIC OPEB program investments	169	600
Change in assumptions	579	359
Changes in proportion	-	-
Employer contributions subsequent to the measurement date	<u>825</u>	<u>-</u>
Total	<u>\$ 2,666</u>	<u>\$ 959</u>

\$825 reported as deferred outflows of resources related to the HIC OPEB resulting from the Franklin City Public Schools (55606) contributions subsequent to the measurement date will be recognized as a reduction of the Net HIC OPEB Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows:

Year Ended June 30,	
Component Unit School Board - General Employees	
2021	\$ 77
2022	97
2023	477
2024	231
2025	-
Thereafter	-

Health Insurance Credit Program Plan Data

Information about the VRS Political Subdivision Health Insurance Credit Program is available in the separately issued VRS 2019 *Comprehensive Annual Financial Report* (CAFR). A copy of the 2019 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2019-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

16 Other Post-Employment Benefits - Teacher Employee Health Insurance Credit Program

Plan Description

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee Health Insurance Credit Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information for the Teacher Health Insurance Credit Program OPEB, including eligibility, coverage, and benefits is set out in the table below:

TEACHER EMPLOYEE HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS
<p>Eligible Employees</p> <p>The Teacher Employee Retiree Health Insurance Credit Program was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit.</p> <p>Eligible employees are enrolled automatically upon employment. They include:</p> <ul style="list-style-type: none">• Full-time permanent (professional) salaried employees of public school divisions covered under VRS.
<p>Benefit Amounts</p> <p>The Teacher Employee Retiree Health Insurance Credit Program provides the following benefits for eligible employees:</p> <ul style="list-style-type: none">• At Retirement – For Teacher and other professional school employees who retire with at least 15 years of service credit, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount.• Disability Retirement – For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either:<ul style="list-style-type: none">○ \$4.00 per month, multiplied by twice the amount of service credit, or○ \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.
<p>Health Insurance Credit Program Notes:</p> <ul style="list-style-type: none">• The monthly Health Insurance Credit benefit cannot exceed the individual premium amount.• Employees who retire after being on long-term disability under VLDP must have at least 15 year of service credit to qualify for the health insurance credit as a retiree.

Contributions

The contribution requirement for active employees is governed by §51.1-1401(E) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2020 was 1.20% of covered employee compensation for employees in the VRS Teacher Employee Health Insurance Credit Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from Franklin City Public Schools – Teachers (40232) to the VRS Teacher Employee Health Insurance Credit Program were \$76,055 and \$80,962 for the years ended June 30, 2020 and June 30, 2019, respectively.

Teacher Employee Health Insurance Credit Program OPEB Liabilities, Teacher Employee Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee Health Insurance Credit Program OPEB

At June 30, 2020, Franklin City Public Schools – Teachers (40232) reported a liability of \$1,053,038 for its proportionate share of the VRS Teacher Employee Health Insurance Credit Program Net OPEB Liability. The Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was measured as of June 30, 2019 and the total VRS Teacher Employee Health Insurance Credit Program OPEB liability used to calculate the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was determined by an actuarial valuation performed as of June 30, 2018 and rolled forward to the measurement date of June 30, 2019. Franklin City Public Schools – Teachers (40232) proportion of the Net VRS Teacher Employee Health Insurance Credit Program OPEB Liability was based on Franklin City Public Schools – Teachers (40232) actuarially determined employer contributions to the VRS Teacher Employee Health Insurance Credit Program OPEB plan for the year ended June 30, 2019 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2019, Franklin City Public Schools – Teachers (40232) proportion of the VRS Teacher Employee Health Insurance Credit Program was .08044% as compared to .08722% at June 30, 2018.

For the year ended June 30, 2020, the school division recognized VRS Teacher Employee Health Insurance Credit Program OPEB expense of \$52,962. Since there was a change in proportionate share between measurement dates a portion of the VRS Teacher Employee Health Insurance Credit Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2020, Franklin City Public Schools – Teachers (40232) reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Health Insurance Credit Program OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 5,965
Net difference between projected and actual earnings on Teacher HIC OPEB program investments	66	-
Change in assumptions	24,509	7,317
Changes in proportion	-	192,641
Employer contributions subsequent to the measurement date	<u>76,055</u>	<u>-</u>
Total	<u>\$ 100,630</u>	<u>\$ 205,923</u>

\$76,055 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division’s contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

**Year Ended
June 30,**

2021	\$ (32,706)
2022	(32,707)
2023	(32,246)
2024	(32,400)
2025	(29,630)
Thereafter	(21,659)

Actuarial Assumptions

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee Health Insurance Credit Program was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.50%
Salary increases, including inflation - Teacher Employees	3.50% - 5.95%
Investment rate of return	6.75%, net of plan investment expenses, including inflation*

** Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of OPEB liabilities.*

Mortality rates – Teachers

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

Net Teacher Employee HIC OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee Health Insurance Credit Program represents the program’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2019, NOL amounts for the VRS Teacher Employee Health Insurance Credit Program is as follows (amounts expressed in thousands):

	Teacher Employee HIC OPEB Plan	
Total Teacher Employee HIC OPEB Liability	\$	1,438,114
Plan Fiduciary Net Position		<u>129,016</u>
Teacher Employee Net HIC OPEB Liability (Asset)	\$	<u><u>1,309,098</u></u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability		8.97%

The total Teacher Employee HIC OPEB liability is calculated by the System’s actuary, and the plan’s fiduciary net position is reported in the System’s financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on VRS System investments was determined using a log- normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
Public Equity	34.00%	5.61%	1.91%
Fixed Income	15.00%	0.88%	0.13%
Credit Strategies	14.00%	5.13%	0.72%
Real Assets	14.00%	5.27%	0.74%
Private Equity	14.00%	8.77%	1.23%
MAPS - Multi-Asset Public Strategies	6.00%	3.52%	0.21%
PIP - Private Investment Partnership	<u>3.00%</u>	6.29%	<u>0.19%</u>
Total	<u>100.00%</u>		5.13%
	Inflation		<u>2.50%</u>
	*Expected arithmetic nominal return		<u>7.63%</u>

* The above allocation provides a one-year return of 7.63%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation.

Discount Rate

The discount rate used to measure the total Teacher Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2019, the rate contributed by each school division for the VRS Teacher Employee Health Insurance Credit Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2019 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

Sensitivity of Franklin City Public Schools – Teachers (40232) Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate

The following presents Franklin City Public Schools - Teachers (40232) proportionate share of the VRS Teacher Employee Health Insurance Credit Program net HIC OPEB liability using the discount rate of 6.75%, as well as what Franklin City Public Schools - Teachers (40232) proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

1.00% Decrease **Current Discount** **1.00% Increase**
(5.75%) Rate 6.75% (7.75%)

School Division's Proportionate Share of the VRS Teacher Employee HIC OPEB Plan	\$ 1,178,528	\$ 1,053,038	\$ 946,434
Net HIC OPEB Liability	\$ 1,178,528	\$ 1,053,038	\$ 946,434

Teacher Employee HIC OPEB Fiduciary Net Position

Detailed information about the VRS Teacher Employee Health Insurance Credit Program's Fiduciary Net Position is available in the separately issued VRS 2019 *Comprehensive Annual Financial Report (CAFR)*. A copy of the 2019 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2019-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

17 Other Post-Employment Benefits - Line of Duty Act Program

Plan Description

All paid employees and volunteers in hazardous duty positions in Virginia localities and hazardous duty employees who are covered under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), or the Virginia Law Officers' Retirement System (VaLORS) are automatically covered by the Line of Duty Act Program (LODA). As required by statute, the Virginia Retirement System (the System) is responsible for managing the assets of the program. Participating employers made contributions to the program beginning in FY 2012. The employer contributions are determined by the System's actuary using anticipated program costs and the number of covered individuals associated with all participating employers.

The specific information for Disability Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

LINE OF DUTY ACT PROGRAM (LODA) PLAN PROVISIONS
<p>Eligible Employees The eligible employees of the Line of Duty Act Program (LODA) are paid employees and volunteers in hazardous duty positions in Virginia localities and hazardous duty employees who are covered under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), or the Virginia Law Officers' Retirement System (VaLORS).</p>
<p>Benefit Amounts The Line of Duty Act Program (LODA) provides death and health insurance benefits for eligible individuals: Death – The Line of Duty Act program death benefit is a one-time payment made to the beneficiary or beneficiaries of a covered individual. Amounts vary as follows: \$100,000 when a death occurs as the direct or proximate result of performing duty as of January 1, 2006, or after \$25,000 when the cause of death is attributed to one of the applicable presumptions and occurred earlier than five years after the retirement date. an additional \$20,000 benefit is payable when certain members of the National Guard and U.S. military reserves are killed in action in any armed conflict on or after October 7, 2001. Health Insurance – The Line of Duty Act program provides health insurance benefits. Prior to July 1, 2017, these benefits were managed through the various employer plans and maintained the benefits that existed prior to the employee's death or disability. These premiums were reimbursed to the employer by the LODA program. Beginning July 1, 2017, the health insurance benefits are managed through the Virginia Department of Human Resource Management (DHRM). The health benefits are modeled after the State Employee Health Benefits Program plans and provide consistent, premium-free continued health plan coverage for LODA-eligible disabled individuals, survivors and family members. Individuals receiving the health insurance benefits must continue to meet eligibility requirements as defined by the Line of Duty Act.</p>

Contributions

The contribution requirements for the Line of Duty Act Program (LODA) are governed by §9.1400.1 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Each employer's contractually required employer contribution rate for the Line of Duty Act Program (LODA) for the year ended June 30, 2020 was \$705.77 per covered full-time-equivalent employee. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2018 and represents the pay-as-you-go funding rate and not the full actuarial cost of the benefits under the program. The actuarially determined pay-as-you-go rate was expected to finance the costs and related expenses of benefits payable during the year. Contributions to the Line of Duty Act Program (LODA) from the entity were \$41,111 and \$45,169 for the years ended June 30, 2020 and June 30, 2019, respectively.

Line of Duty Act Program (LODA) OPEB Liabilities, LODA OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the LODA OPEB

At June 30, 2020, the entity reported a liability of \$1,207,000 for its proportionate share of the Net LODA OPEB Liability. The Net LODA OPEB Liability was measured as of June 30, 2019 and the total LODA OPEB liability used to calculate the Net LODA OPEB Liability was determined by an actuarial valuation as of June 30, 2018, and rolled forward to the measurement date of June 30, 2019. The entity's proportion of the Net LODA OPEB Liability was based on the entity's actuarially determined pay-as-you-go employer contributions to the LODA OPEB plan for the year ended June 30, 2019 relative to the total of the actuarially determined pay-as-you-go employer contributions for all participating employers. At June 30, 2019, the entity's proportion was .33655% as compared to .34623% at June 30, 2018.

For the year ended June 30, 2020, the entity recognized LODA OPEB expense of \$98,056. Since there was a change in proportionate share between measurement dates, a portion of the LODA OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2020, the agency reported deferred outflows of resources and deferred inflows of resources related to the LODA OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 176,000	\$ 1,000
Net difference between projected and actual earnings on LODA OPEB program investments	-	2,000
Change in assumptions	57,000	105,000
Changes in proportion	45,000	59,000
Employer contributions subsequent to the measurement date	<u>41,111</u>	<u>-</u>
Total	<u>\$ 319,111</u>	<u>\$ 167,000</u>

\$41,111 reported as deferred outflows of resources related to the LODA OPEB resulting from the entity's contributions subsequent to the measurement date will be recognized as a reduction of the Net LODA OPEB Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the LODA OPEB will be recognized in LODA OPEB expense in future reporting periods as follows:

Year Ended	
<u>June 30,</u>	
2021	\$ 14,000
2022	14,000
2023	14,000
2024	14,000
2025	14,000
Thereafter	41,000

Actuarial Assumptions

The total LODA OPEB liability was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.50%
Salary increases, including inflation -	
General state employees	N/A
SPORS employees	N/A
VaLORS employees	N/A
Locality employees	N/A
Medical cost trend rates assumption -	
Under age 65	7.25% - 4.75%
Ages 65 and older	5.50% - 4.75%
Year of ultimate trend rate	
Post-65	Fiscal year ended 2023
Pre-65	Fiscal year ended 2028
Investment rate of return	3.50%, including inflation*

** Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 3.50%. However, since the difference was minimal, a more conservative 3.50% investment return assumption has been used. Since LODA is funded on a current-disbursement basis, the assumed annual rate of return of 3.50% was used since it approximates the risk-free rate of return.*

Mortality rates – General State Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males set back 1 year, 85% of rates; females set back 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year; females set back 1 year with 1.5% increase compounded from ages 70 to 85.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males 115% of rates; females 130% of rates.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70-75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 25%

Mortality rates – SPORS Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020 and reduced margin for future improvement in accordance with experience
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 85%

Mortality rates – VaLORS Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020 and reduced margin for future improvement in accordance with experience
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 50% to 35%

Mortality rates – Largest Ten Locality Employers With Public Safety Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Increased disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

Mortality rates – Non-Largest Ten Locality Employers With Public Safety Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each age and service year
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%

Net LODA OPEB Liability

The net OPEB liability (NOL) for the Line of Duty Act Program (LODA) represents the program’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the Measurement Date of June 30, 2019, NOL amounts for the Line of Duty Act Program (LODA) is as follows (amounts expressed in thousands):

	Line of Duty Act Program
Total LODA OPEB Liability	\$ 361,626
Plan Fiduciary Net Position	<u>2,839</u>
LODA Net OPEB Liability (Asset)	<u>\$ 358,787</u>
Plan Fiduciary Net Position as a Percentage of the Total LODA OPEB Liability	0.79%

The total LODA OPEB liability is calculated by the System’s actuary, and each plan’s fiduciary net position is reported in the System’s financial statements. The net OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on LODA OPEB Program’s investments was set at 3.50% for this valuation. Since LODA is funded on a current-disbursement basis, it is not able to use the VRS Pooled Investments 6.75% assumption. Instead, the assumed annual rate of return of 3.50% was used since it approximates the risk-free rate of return. This Single Equivalent Interest Rate (SEIR) is the applicable municipal bond index rate based on the Bond Buyer General Obligation 20-year Municipal Bond Index as of the measurement date of June 30, 2019.

Discount Rate

The discount rate used to measure the total LODA OPEB liability was 3.50%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made per the VRS Statutes and that they will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2019, the rate contributed by participating employers to the LODA OPEB Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly.

Sensitivity of the Covered Employer’s Proportionate Share of the Net LODA OPEB Liability to Changes in the Discount Rate

The following presents the covered employer’s proportionate share of the net LODA OPEB liability using the discount rate of 3.50%, as well as what the covered employer’s proportionate share of the net LODA OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.50%) or one percentage point higher (4.50%) than the current rate:

	1.00% Decrease (2.50%)	Current Discount Rate (3.50%)	1.00% Increase (4.50%)
Covered Employer's Proportionate Share of the LODA Net OPEB Liability	\$ 1,401,000	\$ 1,207,000	\$ 1,055,000

Sensitivity of the Covered Employer’s Proportionate Share of the Net LODA OPEB Liability to Changes in the Health Care Trend Rate

Because the Line of Duty Act Program (LODA) contains a provisions for the payment of health insurance premiums, the liabilities are also impacted by the health care trend rates. The following presents the covered employer’s proportionate share of the net LODA OPEB liability using health care trend rate of 7.75% decreasing to 4.75%, as well as what the covered employer’s proportionate share of the net LODA OPEB liability would be if it were calculated using a health care trend rate that is one percentage point lower (6.75% decreasing to 3.75%) or one percentage point higher (8.75% decreasing to 5.75%) than the current rate:

	1.00% Decrease 6.75% decreasing to 3.75%	Health Care Trend Rates 7.75% decreasing to 4.75%	1.00% Increase 8.75% decreasing to 5.75%
Covered Employer's Proportionate Share of the LODA Net OPEB Liability	\$ 1,021,000	\$ 1,207,000	\$ 1,443,000

LODA OPEB Plan Fiduciary Net Position

Detailed information about the Line of Duty Act Program (LODA) Fiduciary Net Position is available in the separately issued VRS 2019 *Comprehensive Annual Financial Report* (CAFR). A copy of the 2019 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2019-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

18 Other Post-Employment Benefits - Political Subdivision Employee Virginia Local Disability Program

Plan Description

All full-time, salaried general employees; including local law enforcement officers, firefighters, or emergency medical technicians of political subdivisions who do not provide enhanced hazardous duty benefits; who are in the VRS Hybrid Retirement Plan benefit structure and whose employer has not elected to opt out of the VRS-sponsored program are automatically covered by the VRS Political Subdivision Employee Virginia Local Disability Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for eligible public employer groups in the Commonwealth of Virginia. Political subdivisions are required by Title 51.1 of the Code of Virginia, as amended to provide short-term and long-term disability benefits for their Hybrid employees either through a local plan or through the Virginia Local Disability Program (VLDP).

The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

POLITICAL SUBDIVISION EMPLOYEE VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) PLAN PROVISIONS

Eligible Employees

The Political Subdivision Employee Virginia Local Disability Program was implemented January 1, 2014 to provide short-term and long-term disability benefits for non-work-related and work-related disabilities for employees with Hybrid retirement benefits

Eligible employees are enrolled automatically upon employment, unless their employer has elected to provide comparable coverage. They include:

- Full-time general employees; including local law enforcement officers, firefighters, or emergency medical technicians who do not have enhanced hazardous duty benefits; of public political subdivisions covered under VRS.

Benefit Amounts

The Political Subdivision Employee Virginia Disability Local Program (VLDP) provides the following benefits for eligible employees:

Short-Term Disability –

- The program provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability. Employees become eligible for non-work-related short-term disability coverage after one year of continuous participation in VLDP with their current employer.
- During the first five years of continuous participation in VLDP with their current employer, employees are eligible for 60% of their pre-disability income if they go out on non-work-related or work-related disability.
- Once the eligibility period is satisfied, employees are eligible for higher income replacement levels

Long-Term Disability –

- The VLDP program provides a long-term disability benefit beginning after 125 workdays of short-term disability. Members are eligible if they are unable to work at all or are working fewer than 20 hours per week.
- Members approved for long-term disability will receive 60% of their pre-disability income. If approved for work-related long-term disability, the VLDP benefit will be offset by the workers' compensation benefit. Members will not receive a VLDP benefit if their workers' compensation benefit is greater than the VLDP benefit.

Virginia Local Disability Program Notes:

- Members approved for short-term or long-term disability at age 60 or older will be eligible for a benefit, provided they remain medically eligible.
- VLDP Long-Term Care Plan is a self-funded program that assists with the cost of covered long-term care services.

Contributions

The contribution requirement for active hybrid plan employees is governed by §51.1-1178(C) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to political subdivisions by the Virginia General Assembly. Each political subdivision's contractually required employer contribution rate for the year ended June 30, 2020 was 0.72% of covered employee compensation for employees in the VRS Political Subdivision Employee Virginia Local Disability Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2018. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the political subdivision to the VRS Political Subdivision Employee Virginia Local Disability Program were \$11,674 and \$10,489 for the years ended June 30, 2020 and June 30, 2019, respectively.

For the school board – general employees, contributions to the VRS Political Subdivision Employee Virginia Local Disability Program were \$1,765 and \$1,209 for the years ended June 30, 2020 and June 30, 2019, respectively.

Political Subdivision Employee Virginia Local Disability Program OPEB Liabilities, Political Subdivision Employee Virginia Local Disability Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Political Subdivision Employee Virginia Local Disability Program OPEB

At June 30, 2020, the political subdivision reported a liability of \$11,091 and \$1,279 school board – general employees for its proportionate share of the VRS Political Subdivision Employee Virginia Local Disability Program Net OPEB Liability. The Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was measured as of June 30, 2019 and the total VRS Political Subdivision Employee Virginia Local Disability Program OPEB liability used to calculate the Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was determined by an actuarial valuation as of June 30, 2018, and rolled forward to the measurement date of June 30, 2019. The political subdivision’s proportion of the Net VRS Political Subdivision Employee Virginia Local Disability Program OPEB Liability was based on the political subdivision’s actuarially determined employer contributions to the VRS Political Subdivision Employee Virginia Local Disability Program OPEB plan for the year ended June 30, 2019 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2019, the political subdivision’s proportion of the VRS Political Subdivision Employee Virginia Local Disability Program was .54747% and .06310% school board – general employees as compared to .65156% and .06317% school board – general employees at June 30, 2018.

For the year ended June 30, 2020, the political subdivision recognized VRS Political Subdivision Employee Virginia Local Disability Program OPEB expense of \$12,871 and \$1,501 school board – general employees. Since there was a change in proportionate share between measurement dates a portion of the VRS Political Subdivision Employee Virginia Local Disability Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2020, the political subdivision reported deferred outflows of resources and deferred inflows of resources related to the VRS Political Subdivision Employee Virginia Local Disability Program OPEB from the following sources:

Primary Government - City's Political Subdivision

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 5,563	\$ 341
Net difference between projected and actual earning on Political Subdivision VLDP OPEB program investments	38	-
Change in assumptions	318	424
Changes in proportion	-	803
Employer contributions subsequent to the measurement date	<u>11,674</u>	<u>-</u>
Total	<u>\$ 17,593</u>	<u>\$ 1,568</u>

**Component Unit - School Board
General Employees**

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 641	\$ 39
Net difference between projected and actual earnings on Political Subdivision VLDP OPEB program investments	4	-
Change in assumptions	37	49
Changes in proportion	-	-
Employer contributions subsequent to the measurement date	<u>1,765</u>	<u>-</u>
Total	<u>\$ 2,447</u>	<u>\$ 88</u>

\$11,674 for the City's political subdivision and \$1,765 for the component unit – school board general employees reported as deferred outflows of resources related to the Political Subdivision Employee VLDP OPEB resulting from the political subdivision's contributions subsequent to the measurement date will be recognized as a reduction of the Net Political Subdivision Employee VLDP OPEB Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Employee VLDP OPEB will be recognized in the Political Subdivision Employee VLDP OPEB expense in future reporting periods as follows:

**Year Ended
June 30,**

**Primary
Government -
City's Political
Subdivision**

2021	\$ 907
2022	899
2023	893
2024	905
2025	874
Thereafter	(127)

**Component Unit -
School Board
General
Employees**

2021	\$ 123
2022	123
2023	122
2024	123
2025	118
Thereafter	(15)

Actuarial Assumptions

The total Political Subdivision Employee VLDP OPEB liability for the VRS Political Subdivision Employee Virginia Local Disability Program was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.50%
Salary increases, including inflation - Political subdivision employees	3.50% - 5.95%
Investment rate of return	6.75%, including inflation*

** Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of OPEB liabilities.*

Mortality rates – Non-Largest Ten Locality Employers - General and Non-Hazardous Duty Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 90% of rates; females set forward 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year with 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75.
Withdrawal Rates	Adjusted termination rates to better fit experience at each year age and service
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14 to 15%
Discount Rate	Decrease rate from 7.00% to 6.75%

Net Political Subdivision Employee VLDP OPEB Liability

The net OPEB liability (NOL) for the Political Subdivision Employee Virginia Local Disability Program represents the program’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2019, NOL amounts for the VRS Political Subdivision Employee Virginia Local Disability Program is as follows (amounts expressed in thousands):

	Political Subdivision Employee VLDP OPEB Plan	
Total Political Subdivision Employee VLDP OPEB Liability	\$	3,989
Plan Fiduciary Net Position		<u>1,962</u>
Political Subdivision Employee VLDP Net OPEB Liability (Asset)	\$	<u><u>2,027</u></u>
Plan Fiduciary Net Position as a Percentage of the Total Political Subdivision Employee VLDP OPEB Liability		49.19%

The total Political Subdivision Employee VLDP OPEB liability is calculated by the System’s actuary, and the plan’s fiduciary net position is reported in the System’s financial statements. The net Political Subdivision Employee VLDP OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
Public Equity	34.00%	5.61%	1.91%
Fixed Income	15.00%	0.88%	0.13%
Credit Strategies	14.00%	5.13%	0.72%
Real Assets	14.00%	5.27%	0.74%
Private Equity	14.00%	8.77%	1.23%
MAPS - Multi-Asset Public Strategies	6.00%	3.52%	0.21%
PIP - Private Investment Partnership	<u>3.00%</u>	6.29%	<u>0.19%</u>
Total	<u>100.00%</u>		5.13%
	Inflation		<u>2.50%</u>
	*Expected arithmetic nominal return		<u>7.63%</u>

* The above allocation provides a one-year return of 7.63%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation.

Discount Rate

The discount rate used to measure the total Political Subdivision Employee VLDP OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2019, the rate contributed by the political subdivision for the VRS Political Subdivision Employee Virginia Local Disability Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2019 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Political Subdivision Employee VLDP OPEB plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Political Subdivision Employee VLDP OPEB liability.

Sensitivity of the Political Subdivision’s Proportionate Share of the Political Subdivision Employee VLDP Net OPEB Liability to Changes in the Discount Rate

The following presents the political subdivision’s proportionate share of the VRS Political Subdivision Employee Virginia Local Disability Program net VLDP OPEB liability using the discount rate of 6.75%, as well as what the political subdivision’s proportionate share of the net VLDP OPEB liability would be if it were calculated using a discount rate that is one percentage point lower 5.75% or one percentage point higher 7.75% than the current rate:

	1.00% Decrease (5.75%)	Current Discount Rate (6.75%)	1.00% Increase (7.75%)
Covered Employers Proportionate Share of the VRS Political Subdivision Employee VLDP OPEB Plan Net OPEB Liability	\$ 12,755	\$ 11,091	\$ 9,636
Covered Employers Proportionate Share of the VRS School Board General Employees VLDP OPEB Plan Net OPEB Liability	\$ 1,471	\$ 1,279	\$ 1,111

Political Subdivision Employee VLDP OPEB Fiduciary Net Position

Detailed information about the VRS Political Subdivision Employee Virginia Local Disability Program’s Fiduciary Net Position is available in the separately issued VRS 2019 *Comprehensive Annual Financial Report* (CAFR). A copy of the 2019 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2019-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

19 Other Post-Employment Benefits - Teacher Employee Virginia Local Disability Program

Plan Description

All full-time, salaried permanent (professional) employees of public school divisions who are in the VRS Hybrid Retirement Plan benefit structure and whose employer has not elected to opt out of the VRS-sponsored program are automatically covered by the VRS Teacher Employee Virginia Local Disability Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for eligible public employer groups in the Commonwealth of Virginia. School divisions are required by Title 51.1 of the Code of Virginia, as amended to provide short-term and long-term disability benefits for their Hybrid employees either through a local plan or through the Virginia Local Disability Program (VLDP).

The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

TEACHER EMPLOYEE VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) PLAN PROVISIONS
<p>Eligible Employees</p> <p>The Teacher Employee Virginia Local Disability Program was implemented January 1, 2014 to provide short-term and long-term disability benefits for non-work-related and work-related disabilities for employees with hybrid plan retirement benefits</p> <p>Eligible employees are enrolled automatically upon employment, unless their employer has elected to provide comparable coverage. They include:</p> <ul style="list-style-type: none"> Teachers and other full-time permanent (professional) salaried employees of public school divisions covered under VRS.
<p>Benefit Amounts</p> <p>The Teacher Employee Virginia Disability Local Program (VLDP) provides the following benefits for eligible employees:</p> <p><i>Short-Term Disability:</i></p> <ul style="list-style-type: none"> The program provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability. Employees become eligible for non-work-related short-term disability coverage after one year of continuous participation in VLDP with their current employer. During the first five years of continuous participation in VLDP with their current employer, employees are eligible for 60% of their pre-disability income if they go out on non-work-related or work-related disability. Once the eligibility period is satisfied, employees are eligible for higher income replacement levels <p><i>Long-Term Disability:</i></p> <ul style="list-style-type: none"> The VLDP program provides a long-term disability benefit beginning after 125 workdays of short-term disability. Members are eligible if they are unable to work at all or are working fewer than 20 hours per week. Members approved for long-term disability will receive 60% of their pre-disability income. If approved for work-related long-term disability, the VLDP benefit will be offset by the workers' compensation benefit. Members will not receive a VLDP benefit if their workers' compensation benefit is greater than the VLDP benefit.
<p>Virginia Local Disability Program Notes:</p> <ul style="list-style-type: none"> Members approved for short-term or long-term disability at age 60 or older will be eligible for a benefit, provided they remain medically eligible. VLDP Long-Term Care Plan is a self-funded program that assists with the cost of covered long-term care services.

Contributions

The contribution requirement for active hybrid plan employees is governed by §51.1-1178(C) of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2020 was 0.41% of covered employee compensation for employees in the VRS Teacher Employee Virginia Local Disability Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee Virginia Local Disability Program were \$10,203 and \$10,768 for the years ended June 30, 2020 and June 30, 2019, respectively.

Teacher Employee Virginia Local Disability Program OPEB Liabilities, Teacher Employee Virginia Local Disability Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee Virginia Local Disability Program OPEB

At June 30, 2020, the school division reported a liability of \$3,184 for its proportionate share of the VRS Teacher Employee Virginia Local Disability Program Net OPEB Liability. The Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was measured as of June 30, 2019 and the total VRS Teacher Employee Virginia Local Disability Program OPEB liability used to calculate the Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was determined by an actuarial valuation as of June 30, 2018, and rolled forward to the measurement date of June 30, 2019. The school division's proportion of the Net VRS Teacher Employee Virginia Local Disability Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee Virginia Local Disability Program OPEB plan for the year ended June 30, 2019 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2019, the school division's proportion of the VRS Teacher Employee Virginia Local Disability Program was .54769% as compared to .63101% at June 30, 2018.

For the year ended June 30, 2020 the school division recognized VRS Teacher Employee Virginia Local Disability Program OPEB expense of \$9,566. Since there was a change in proportionate share between measurement dates a portion of the VRS Teacher Employee Virginia Local Disability Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2020, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee Virginia Local Disability Program OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 385
Net difference between projected and actual earnings on Teacher VLDP OPEB program investments	12	-
Change in assumptions	544	-
Changes in proportion	-	572
Employer contributions subsequent to the measurement date	<u>10,203</u>	<u>-</u>
Total	<u>\$ 10,759</u>	<u>\$ 957</u>

\$10,203 reported as deferred outflows of resources related to the Teacher Employee VLDP OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee VLDP OPEB Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee VLDP OPEB will be recognized in the Teacher Employee VLDP OPEB expense in future reporting periods as follows:

Year Ended		
<u>June 30,</u>		
2021	\$	(45)
2022		(45)
2023		(54)
2024		(59)
2025		(54)
Thereafter		(144)

Actuarial Assumptions

The total Teacher Employee VLDP OPEB liability for the VRS Teacher Employee Virginia Local Disability Program was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.50%
Salary increases, including inflation - Teacher employees	3.50% - 5.95%
Investment rate of return	6.75%, including inflation

** Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of OPEB liabilities.*

Mortality rates – Teachers

Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Health Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

Net Teacher Employee VLDP OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee Virginia Local Disability Program represents the program’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2019, NOL amounts for the VRS Teacher Employee Virginia Local Disability Program is as follows (amounts expressed in thousands):

	Teacher Employee VLDP OPEB Plan
Total Teacher Employee VLDP OPEB Liability	\$ 2,241
Plan Fiduciary Net Position	<u>1,661</u>
Teacher Employee VLDP Net OPEB Liability (Asset)	<u>\$ 580</u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee VLDP OPEB Liability	
	74.12%

The total Teacher Employee VLDP OPEB liability is calculated by the System’s actuary, and the plan’s fiduciary net position is reported in the System’s financial statements. The net Teacher Employee VLDP OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
Public Equity	34.00%	5.61%	1.91%
Fixed Income	15.00%	0.88%	0.13%
Credit Strategies	14.00%	5.13%	0.72%
Real Assets	14.00%	5.27%	0.74%
Private Equity	14.00%	8.77%	1.23%
MAPS - Multi-Asset Public Strategies	6.00%	3.52%	0.21%
PIP - Private Investment Partnership	<u>3.00%</u>	6.29%	<u>0.19%</u>
Total	<u>100.00%</u>		5.13%
	Inflation		<u>2.50%</u>
	*Expected arithmetic nominal return		<u>7.63%</u>

* The above allocation provides a one-year return of 7.63%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation.

Discount Rate

The discount rate used to measure the total Teacher Employee VLDP OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2019, the rate contributed by the school division for the VRS Teacher Employee Virginia Local Disability Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2019 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee VLDP OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee VLDP OPEB liability.

Sensitivity of the School Division's Proportionate Share of the Teacher Employee VLDP Net OPEB Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the VRS Teacher Employee Virginia Local Disability Program net VLDP OPEB liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net VLDP OPEB liability would be if it were calculated using a discount rate that is one percentage point lower 5.75% or one percentage point higher 7.75% than the current rate:

1.00% Decrease **Current Discount** **1.00% Increase**
5.75% Rate 6.75% 7.75%

Covered Employers Proportionate Share of the VRS Teacher Employee VLDP OPEB Plan Net OPEB Liability	<u>\$ 4,677</u>	<u>\$ 3,184</u>	<u>\$ 1,894</u>
---	-----------------	-----------------	-----------------

Teacher Employee VLDP OPEB Fiduciary Net Position

Detailed information about the VRS Teacher Employee Virginia Local Disability Program’s Fiduciary Net Position is available in the separately issued VRS 2019 *Comprehensive Annual Financial Report (CAFR)*. A copy of the 2019 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2019-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

20 Joint Ventures and Related Organizations

Blackwater Regional Library

The City participates in the operation of the Blackwater Regional Library that serves Southampton County, City of Franklin, Towns of Smithfield, Wakefield, and Waverly and three neighboring counties. Separate financial statements are available from the Blackwater Regional Library.

Franklin-Southampton Economic Development Commission

The City participates in the operation of the Franklin-Southampton Economic Development Commission that operates in the City of Franklin and Southampton County. Separate financial statements are available from the Franklin-Southampton Economic Development Commission.

Western Tidewater Regional Jail Authority

The City participated in the construction of the facilities for the Western Tidewater Regional Jail Authority located in the City of Franklin. The jail became operational in July 1992. Operational funding surpluses and deficiencies are shared by member jurisdictions based on their ownership percentages. Separate financial statements are available from the Western Tidewater Regional Jail Authority.

Western Tidewater Community Services Board

The City participates in the operation of the Western Tidewater Community Services Board that serves the City of Franklin and the counties of Isle of Wight and Southampton. Separate financial statements are available from the Western Tidewater Community Services Board.

21 Contingent Liabilities

Federal programs in which the City participates were audited in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Pursuant to these requirements, certain programs were tested for compliance with applicable grant requirements. The Federal government may subject grant programs to additional compliance tests that may result in disallowed expenditures. In the opinion of management, future disallowances of current program expenditures, if any, would be immaterial.

General obligation bonds of \$5,130,000 have been recorded in the Enterprise Funds from which repayment is anticipated. The General Fund has a contingent liability for repayment of the aforementioned amounts should the Enterprise Funds be unable to pay.

The Airport Fund obtained a grant from the Department of Aviation, Commonwealth of Virginia, for rehabilitation of the airport entrance road. Grant provisions require the City to operate and maintain the airport as a public use facility for a period of twenty years from the final payment date of this grant. The final payment was received in September 1998. If the airport should cease to be used as a public use facility prior to September 2018, the City would be required to repay the Commonwealth a pro-rata share (computed monthly) of all monies received under this grant based on the period of operation and maintenance.

Health insurance coverage for full-time salaried employees of the City of Franklin and the Component Unit – School Board is obtained through Local Choice. This employee health insurance fund is an account established by the Commonwealth Treasury and maintained by the Department of Accounts within which contributions to the plan are deposited. The yearly premiums paid into the plan are adjusted for deviations in claim experience. Employees may choose to terminate participation in the health benefits program with a 90-day notice. The local employer is responsible for any adverse experience adjustments that apply to the terminating year and any prior year within which the employer participated in the program. No estimate can be made as to possible future costs in excess of monthly premiums paid.

22 Other Post-Employment Benefits Program

Background

In fiscal year 2009, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 45 for other post-employment benefits (OPEB) offered to retirees. This standard addresses how local governments should account for and report their costs related to post-employment health-care and nonpension benefits, such as the City's retiree health benefit subsidy. Historically, the City's subsidy was funded on a pay-as-you-go basis, but GASB Statement No. 45 requires that the City accrue the cost of the retiree health subsidy and other post-employment benefits during the period of the employees' active employment, while the benefits are being earned, and disclose the unfunded actuarial accrued liability in order to accurately account for the total future cost of post-employment benefits and the financial impact on the City. This funding methodology mirrors the funding approach used for pension benefits.

City

A. Plan Description

Under the terms of a City resolution, the City administers a single-employer defined benefit Healthcare Benefits Plan. The City Council has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. The City provides post-retirement medical and dental coverage benefits for employees who are eligible for retirement benefits and are covered by the active plan at time of retirement.

Individuals who retire from City service with full VRS benefits (i.e., 50 years of age and 30 years of continuous service) and 10 years (retirees employed after June 30, 2004) or 5 years (retirees employed prior to July 1, 2004) of service with the City, are eligible for medical insurance and dental coverage benefits under the City's plan for active employees until age 65 when they become eligible for Medicare, at which time benefits cease. The retiree's spouse can receive benefits under the plan with the premium to be paid by the retiree.

B. Funding Policy

The City establishes employer contribution rates for plan participants as part of the budgetary process each year. The City also determines how the plan will be funded each year, whether it will partially fund the plan or fully fund the plan. Again this is determined annually as part of the budgetary process. Participating retirees are responsible for the insurance premium (health and dental) at the same cost as for active employees. Retirees pay 100% of spousal premiums. Coverage ceases when retirees reach the age of 65. Surviving spouses are not allowed access to the plan. In addition, retirees employed after June 30, 2004 and all retirees with less than 10 years of service with the City must pay a 2.00% administrative fee. A separate report was not issued for the plan.

C. Executive Summary

Relationship Between Valuation Date, Measurement Date, and Reporting Date

The Valuation Date is July 1, 2018. This is the date as of which the actuarial valuation is performed. The Measurement Date is June 30, 2020. This is the date as of which the City's total OPEB liability is determined. The Reporting Date is June 30, 2020. This is the plan's and/or employer's fiscal year ending date.

Significant Changes

There have been no significant changes between the valuation date and fiscal year end.

Participant Data as of July 1, 2018

Thereafter	-

School Board

A. *Plan Description*

The School Board administers a single-employer defined benefit Healthcare Benefits Plan. The City Council has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. The School Board provides post-retirement medical and dental coverage benefits for employees who are eligible for retirement benefits and are covered by the active plan at time of retirement. Individuals who retire from School Board service with full VRS benefits (i.e., 50 years of age and 30 years of continuous service) and 5 years of service with the School Board, are eligible for medical insurance and dental coverage benefits under the School Board's plan for active employees until age 65 when they become eligible for Medicare, at which time benefits cease. The retiree's spouse can receive benefits under the plan with the premium to be paid by the retiree.

B. Funding Policy

The School Board establishes employer contribution rates for plan participants as part of the budgetary process each year. The School Board also determines how the plan will be funded each year, whether it will partially fund the plan or fully fund the plan. Again, this is determined annually as part of the budgetary process. Retirees pay the full premium for health and dental coverage. Retirees pay 100% of spousal premiums. Coverage ceases when retirees reach the age of 65. A separate report was not issued for the plan.

C. Executive Summary

Relationship Between Valuation Date, Measurement Date, and Reporting Date

The Valuation Date is July 1, 2018. This is the date as of which the actuarial valuation is performed. The Measurement Date is June 30, 2020. This is the date as of which the total OPEB liability is determined. The Reporting Date is June 30, 2020. This is the plan's and/or employer's fiscal year ending date.

2024	(6,118)
2025	-
Thereafter	-

23 Tax Abatement Disclosures

The City negotiates property tax abatement agreements on an individual basis. The City has no tax abatement agreements with any entities as of June 30, 2020.

24 Annexations

Southampton County

The City entered into an annexation agreement with Southampton County (County) that provided for annexation in two phases. Annexation of the Phase I area, 3.93 square miles with 3.1% of the County's population per the 1980 census, was effective December 31, 1985. Annexation of the Phase II area, 0.73 square miles with 1.96% of the County's population, was effective December 31, 1995. As part of Phase I, the City agreed to pay to the County 3.798% of all the County's future obligations on general obligation debt existing at December 31, 1985. As part of Phase II, the City agreed to pay the County 2.04% of all the County's future obligations on general obligation debt existing at December 31, 1996. In addition, the City compensated the County for estimated loss of tax revenue through fiscal year 2007. The City further agreed not to institute, participate in or support, directly or indirectly, any further annexation of Southampton County prior to December 31, 2010.

The City adopted a Revenue-Sharing Agreement with the County in January 1997. County residents approved this agreement in November 1997. The agreement was reviewed and recommended for Court approval by the Commission on Local Government of the Commonwealth of Virginia in January 1999. The Revenue Sharing Agreement covers approximately 17.1 square miles in Southampton County immediately contiguous to the City of Franklin. The agreement provides that the County will pay to the City on October 15 of each year, 30% of local tax revenue collected through June 30 of that year by industries and commercial establishments located within this area that are served by City water and sewer treatment. The City is required to provide potable water for non-residential use to industrial and commercial businesses in the designated area and receive wastewater from such businesses. The agreement is to remain in effect in perpetuity as adopted, subject to amendment by agreement of the parties, except if the City, or a City water and/or sewer authority decides to discontinue operation of both its water and sewer treatment systems, the agreement may be voided upon two years' notice to the County. The designated area, which includes all portions of the County immediately contiguous to the City, is immune from annexation as long as the agreement remains in force and the City exists as a political subdivision in the nature of a city. For the year ending June 30, 2020, the City received \$56,356 in tax revenue from the County under this agreement.

County of Isle of Wight

On March 11, 1986, the City entered into an agreement with the County of Isle of Wight whereby the City waived any and all of its rights and power to seek annexation of the County of Isle of Wight's territory within a designated area adjacent to the City. The agreement became effective when approved by the Court on April 13, 1987. In return, the County of Isle of Wight agreed to share with the City all local tax revenues collected within the designated area using the following percentages:

<u>Fiscal Year Ending</u>	<u>Percentage</u>
1986	5%
1987	10%
1988-1995	20%
1996-2016	17.8%
2017 and thereafter	¹ 21.8%

¹As adjusted by formula

The local revenues are payable to the City by the County of Isle of Wight on August 1, following the end of the fiscal year. During the year ended June 30, 2020, the City received \$995,521 from the County of Isle of Wight under this agreement for tax revenues collected for the year ended June 30, 2019.

25 Fund Balances

Portions of the General Fund balance are as follows:

- Fund balance in the amount of \$969,874 is nonspendable due to Airport Fund.
- Fund balance in the amount of \$150,541 is restricted for capital needs of the Fire Department.
- Fund balance in the amount of \$353,823 is restricted for debt service.
- Fund balance in the amount of \$412,715 is assigned for fiscal year 2021 budgets.
- Fund balance in the amount of \$6,549,082 is unassigned and available for subsequent expenditures.

Portions of the Capital Projects Fund are as follows:

- Fund balance in the amount of \$551,402 is assigned for expenditures for general fund capital outlays.

26 Expenditures in Excess of Appropriations

The CSA (Children's Services Act) Fund had expenditures in excess of appropriations at June 30, 2020.

27 Risk Management

The City and School Board are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Surety bonds of the City of Franklin, Virginia are as follows:

Division of Risk Management Surety Commonwealth Funds

Commissioner of Revenue	Brenda B. Rickman	\$ 3,000
Treasurer	Dinah M. Babb	500,000

28 Litigation

At June 30, 2020, there were no matters of litigation involving the City which would materially affect the City's financial position should any court decisions or pending matters not be favorable to such entities.

29 Legal Compliance

The Virginia Public Finance Act contains state law for issuance of long-term and short-term debt. The Act states, in part, that no municipality may issue bonds or other interest-bearing obligations, including existing indebtedness, which will at any time exceed 10 percent of the assessed valuation on real estate as shown by the last preceding assessment for taxes. Short-term revenue anticipation bonds/notes, general obligation bonds approved in a referendum, revenue bonds, and contract obligations for publically owned or regional projects should not be included in the debt limitation.

30 Subsequent Events

Management has performed an analysis of the activities and transactions subsequent to June 30, 2020 to determine the need for any adjustments to and/or disclosures within the audited financial statements for the year ended June 30, 2020. Management has performed their analysis through November 20, 2020.

REQUIRED SUPPLEMENTARY INFORMATION

Note to Required Supplementary Information

Presented budgets were prepared in accordance with accounting principles generally accepted in the United States of America.

City of Franklin, Virginia

Column 4 - Employer's covered payroll amount for the fiscal year

City of Franklin, Virginia

Notes to Required Supplementary Information

For the Year Ended June 30, 2020

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non 10 Largest) – Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 15%
Discount Rate	Decrease rate from 7.00% to 6.75%

All Others (Non 10 Largest) – Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates, and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better fit experience
Salary Scale	No change
Line of Duty Disability	Decrease rate from 60% to 45%
Discount Rate	Decrease rate from 7.00% to 6.75%

School Division

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

For the Year Ended June 30, 2020

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

General State Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70-75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 25%
Discount Rate	Decrease rate from 7.00% to 6.75%

Teachers

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70-75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

SPORS Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020 and reduced margin for future improvement in accordance with experience
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 85%
Discount Rate	Decrease rate from 7.00% to 6.75%

VaLORS Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020 and reduced margin for future improvement in accordance with experience
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 50% to 35%
Discount Rate	Decrease rate from 7.00% to 6.75%

JRS Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Decreased rates at first retirement eligibility
Withdrawal Rates	No change
Disability Rates	Removed disability rates
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

Largest Ten Locality Employers – General Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 20%
Discount Rate	Decrease rate from 7.00% to 6.75%

Non-Largest Ten Locality Employers – General Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 15%
Discount Rate	Decrease rate from 7.00% to 6.75%

Largest Ten Locality Employers – Hazardous Duty Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Increased disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%
Discount Rate	Decrease rate from 7.00% to 6.75%

Non-Largest Ten Locality Employers – Hazardous Duty Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%
Discount Rate	Decrease rate from 7.00% to 6.75%

For the Year Ended June 30, 2020

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Non-Largest Ten Locality Employers - General and Non-Hazardous Duty Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75.
Withdrawal Rates	Adjusted termination rates to better fit experience at each year age and service
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14 to 15%
Discount Rate	Decrease rate from 7.00% to 6.75%

City of Franklin, Virginia

Schedule of Employer's Share of Net OPEB Liability
Virginia Local Disability Program (VLDP) - Teacher

For the Measurement Dates of June 30, 2019, 2018 and 2017

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Employer's Proportion of the Net VLDP OPEB Liability (Asset)	0.54769%	0.63101%	0.71370%
Employer's Proportionate Share of the Net VLDP OPEB Liability (Asset)	\$ 3,184	\$ 5,000	\$ 4,000
Employer's Covered Payroll	\$ 2,626,346	\$ 2,352,849	\$ 2,014,073
Employer's Proportionate Share of the Net VLDP OPEB Liability (Asset) as a Percentage of its Covered Payroll	0.12%	0.21%	0.20%
Plan Fiduciary Net Position as a Percentage of the Total VLDP OPEB Liability	74.12%	46.18%	31.96%

Schedule is intended to show information for 10 years. Since 2019 is the third year of presentation, only three years of data are available. However, additional years will be included as they become available.

For Reference Only

The Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability for the Virginia Local Disability (VLDP) for each year is presented on page 129 of the VRS 2019 Comprehensive Annual Financial Report (CAFR).

Amounts reported for governmental activities in the Statement of Activities (Exhibit 2) are different because:

Net changes in fund balances - total governmental funds - per above \$ 4,471

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is a computation of these differences.

Capital asset additions	\$ 1,252,919	
Depreciation expense	<u>(745,754)</u>	507,165

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences	(35,102)	
Change in OPEB liabilities	7,389	
Change in deferred outflows		
VRS pension	860,134	
OPEB liabilities	123,525	
Change in deferred inflows		
VRS pension	41,028	
OPEB liabilities	(12,483)	
Change in VRS net pension asset	(96,475)	
Change in VRS net pension liability	<u>(333,346)</u>	554,670

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. The following is the net effect of these differences in the treatment of long-term debt and related items.

Lease payments	<u>71,186</u>
	<u>\$ 1,137,492</u>

Note

⁽¹⁾ General Obligation Bonds are reported net of premiums and discounts for both Governmental and Business-Type Activities.

⁽²⁾ See Table 10 for assessed and estimated actual value of taxable property for assessed value data.

⁽³⁾ See Table 19 for population.

⁽⁴⁾ In addition to the City's general obligation pledge, the bonds are secured on a junior lien basis by the pledge of utility revenues.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Members of City Council
City of Franklin, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Franklin, Virginia, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City of Franklin, Virginia's basic financial statements and have issued our report thereon dated November 20, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Franklin, Virginia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Franklin, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Franklin, Virginia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

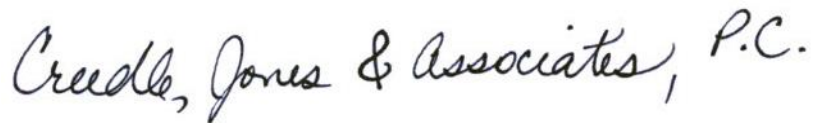

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Franklin, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Members of City Council
City of Franklin, Virginia

Report on Compliance for Each Major Federal Program

We have audited the City of Franklin, Virginia's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Franklin, Virginia's major federal programs for the year ended June 30, 2020. City of Franklin, Virginia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Franklin, Virginia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards, the Uniform Guidance, and specifications require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Franklin, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Franklin, Virginia's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Franklin, Virginia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

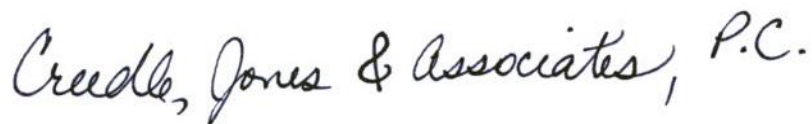

Report on Internal Control over Compliance

Management of the City of Franklin, Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Franklin, Virginia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Franklin, Virginia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

REPORT ON COMPLIANCE WITH COMMONWEALTH OF VIRGINIA'S LAWS, REGULATIONS, CONTRACTS, AND GRANTS

To the Honorable Members of City Council
City of Franklin, Virginia

We have audited the financial statements of the City of Franklin, Virginia, as of and for the year ended June 30, 2020, and have issued our report thereon dated November 20, 2020.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards and specifications require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with Commonwealth of Virginia's laws, regulations, contracts, and grants applicable to the City of Franklin, Virginia, is the responsibility of the City of Franklin, Virginia's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the City of Franklin, Virginia's compliance with certain provisions of the Commonwealth of Virginia's laws, regulations, contracts, and grants. However, the objective of our audit of the basic financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The following is a summary of the Commonwealth of Virginia's laws, regulations, contracts, and grants for which we performed tests of compliance:

Code of Virginia

- Budget and Appropriation Laws
- Cash and Investments
- Conflicts of Interest
- Retirement Systems
- Debt Provisions
- Procurement
- Unclaimed Property
- Personal Property Tax Relief Act

State Agency Requirements

- Social Services
- Education
- Comprehensive Services Act Funds
- Economic Development Opportunity Fund

The results of our tests disclosed no instances of noncompliance with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the City of Franklin, Virginia had not complied, in all material respects, with those provisions.

This report is intended solely for the information of the City Council, City of Franklin, Virginia's management, Auditor of Public Accounts of the Commonwealth of Virginia, and applicable state agencies, and is not intended to be, and should not be, used by anyone other than these specified parties.

City of Franklin, Virginia

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2020

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the Federal award activity of City of Franklin, Virginia under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of City of Franklin, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of City of Franklin, Virginia.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

City of Franklin, Virginia has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

4. Subrecipients

The Children's Center, a nonprofit agency providing children ages birth to five with early childhood education services is a subrecipient of the "Grants for Infants and Families with Disabilities" and received federal awards of \$202,956 from the City for the year ended June 30, 2020.

City of Franklin, Virginia
